**MUSCLES AND HEALTH**

(Continued from page 1.)

Subjects to be announced later. Freshmen are now being measured in the Gym to furnish a basis for the award of the Cabot medals at the end of the year to the five men showing the best development.

Back Bay Episcopal ministers welcomed Tech churchmen at a social evening held last night at the home of Pres. Gardiner, under the auspices of the Tech Chapter of the Brotherhood of St. Andrew.

Pres. Gardiner opened by stating that along with the engineer's mechanical uses of power, should be linked the causes of power, should be linked the so-tained from spiritual force.

Bishop Lawrence of Massachusetts pointed out that if spiritual development is pursued as rigorously as scientific development during the four college years, graduates will, as they always have, come out stronger churchmen than they entered.

Rev. Falkner invited the men to make St. Paul's their college church and Dr. Mann reminded them that Trinity had always been the church across the road.

Director Kneeland of the chapter closed the formal meeting with the two main points to be developed this year—the monthly corporate communion and the church history class.

**ASSESSMENTS BEGIN**

Temporary President Follett conducted the 1912 class meeting held Wednesday noon in Huntington Hall. Sec. Seelye read the minutes of the previous meeting and announced that \$35 had been collected from the class.

It was voted that the class dues be \$1 to be paid to Sec. Seelye on or before the next meeting, which is to be held not later than Nov. 6. Pres. Follett was empowered to appoint committees on drafting a constitution, and nomination of permanent officers.

The several team managers closed the meeting with talks on the prospects of their various teams.

**JUNIOR MEETING**

(Continued from page 1.)

the average man of good ability for securing positions. He said as an example that if a man were elected to the Technique Board and attempted to enter the Show not only would his studies suffer, but he could not do full justice to either work. He claimed that the supply of capable men in the class was ample for all needs that could possibly develop.

It was suggested that certain positions required experience rather than mere ability, and however many able men there might be in a class who would be brought out by the proposed scheme, their lack of experience would render them incompetent to handle the important offices.

After some discussion a vote was taken upon the motion that a committee be appointed to send the petition, but it was lost by a bare minority.

It was voted that the class dues shall be 50 cents for this year.

**GOLF CLUB AT WORK**

Competition Planned for Team to Enter Tournament

Six men attended the Golf Club meeting held Wednesday in 22 Rogers. Those who reported were as follows: T. A. Tillard 1909, W. C. Salisbury 1911, P. M. Bramhall 1910, R. B. Pulsifer 1911, J. J. Elbert 1909, and W. J. Kelly 1909.

Pres. T. A. Tillard conducted the meeting and W. C. Salisbury 1911 was elected secretary of the club. The latter was requested to ascertain from the New England Intercollegiate secretary the dates of the Intercollegiate golf tournaments.

In competition for the team the men are to be paired off. Each pair will play eighteen holes and the five men making the best scores will represent Technology in coming college tournament.

**WELCOME COLLEGIANS**

A reception for college men at the Institute will be held by the Technology and Walker Clubs at the Technology Club, 3 Newbury St. this evening.

The principle speaker of the evening will be Mr. Olin Roberts 1888.II. Addresses of welcome will be made by James F. Norris, president of the Technology club, and Channing Turner 1908, president of the Walker Club. Dean Burton and Bursar Rand will give short talks.

**The Technology Review**

A QUARTERLY MAGAZINE

DEVOTED TO THE INTERESTS OF THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

AND

PUBLISHED BY THE ASSOCIATION OF CLASS SECRETARIES

83 NEWBURY STREET, BOSTON

The Review aims to develop closer relations among Institute men and to stimulate their interest in the work of the College. It is in no sense an engineering magazine, but deals broadly with the problems of Technological Education and the responsibilities of the professional man.

THE REVIEW is published during January, April, July, and October. Communications should be addressed to THE TECHNOLOGY REVIEW, 83 Newbury St., Boston.

SUBSCRIPTION, ONE DOLLAR A YEAR SINGLE COPIES, THIRTY-FIVE CENTS

Volumes I, III, IV, V, VI, VII, VIII, and IX, finely bound in half morocco, are ready for delivery at \$2.25 each, or will be exchanged for unbound sets, provided they are in good condition, at \$1.25 each. (If sent by mail, 30 cents extra.)
