VOL. XXVIII. No. 14

BOSTON, MASS., FRIDAY, OCTOBER 30, 1908

PRICE THREE CENTS

STEWART ELECTED BY BIG PLURALITY

**New Candidate Runs Away
With the Vote in Junior
Class Elections**

ONLY 163 BALLOTS CAST

**Terry Vice-President — Duffield
Secretary—Goodwin and
Torry Executives**

Frank Douglas Stewart was elected president of the junior class by a large plurality. Stewart was put up after the reopening of the nominations last week. He was on the relay team two years and captain of the team during sophomore year. He has been a member of the mandolin club for two years and was a member of the Technique electoral committee.

Philip D. Terry was elected vice president and W. H. Duffield secretary. To the Institute Committee were elected John M. Fitzwater and Harold C. Manson.

Fitzwater was president of the class in the freshman year and a member of the tug-of-war team. Last year he played guard on the football team. He is at present chairman of the room committee of the Union. Manson has played football for two years, last year being captain of the team.

Only 163 ballots were cast, representing less than half the class. The contests were not close for any of the officers except in the executive committee and the representatives to the athletic association, all the men nominated for the latter position proving popular.

The list of those elected follows:
President, F. D. Stewart; vice-president, P. D. Terry; secretary, W. H. Duffield; treasurer, A. A. Gould; executive committee, R. F. Goodwin, R. M. Terry; Institute committee, J. M. Fitzwater, H. G. Manson; athletic association, J. A. Avery, G. B. Cumings, F. F. Bell, F. Hurley, E. Stuart.

CROSS COUNTRY TRIALS

Trials for the cross-country team which is to compete against Harvard on Field Day were held yesterday. The men started from West Roxbury and ran over the same course that will be the scene of the race with Harvard.

H. H. Howland 1908, and W. S. MacCreadie 1911, set the pace for the first mile, when MacCreadie dropped into second place and Howland maintained first to the end of the race. The men were all well bunched until they reached the Larz Anderson hill. The going was very heavy all through the race. The first ten to finish were picked to form the team, the next two will be considered as substitutes. All twelve will be put on the training table until the race.

The order of finish was as follows:—H. H. Howland 1908, L. O. Mills 1910, W. C. MacCreadie 1911, E. Jacobs 1910, J. N. Stephenson 1909, C. P. Eldred 1911, R. Ellis 1909, J. F. McCarthy 1909, J. D. MacKensie 1911, and P. D. White 1911. Substitutes—C. L. Bachelder 1909, H. S. Benson 1912. The others finished in the following order—B. C. Huber 1910, E. Ferry 1912, J. G. Tripp 1910, G. A. Magee 1910, V. V. Ballard 1912, and S. P. Spalding 1911.

STUDENT INDEPENDENCE

**President Commends Institute
Spirit as Shown by Recent
Class Events**

President Noyes, at the first convocation of the year, welcomed those who lately joined, into the membership and associations which are the most important advantages which will be derived from the period of study.

In this connection, he said:
"You will find here a characteristic Institute student spirit—one which cannot be matched, I believe, at any other college. Thus, the antagonism between the two lower classes, which in many colleges leads to hazing and rushes, is here replaced by friendly rivalry in athletic contests and by true comradeship between members of the different classes in the numerous student activities. I say this in spite of the recent little volcanic outbursts between first and second year men; for these have been caused by only a few individuals who haven't yet come to appreciate our student spirit. That spirit is well illustrated by a variety of facts relating to our student life. Thus, in not many institutions, I believe, would the trustees venture to place the management of a dining room doing a business of \$30,000 a year or that a club room with all the inherent possibilities of abuse and disorder, in the charge of students, as has been practically done with the new Technology Union by the Institute Corporation; nor in many colleges would the Faculty dare to relinquish all share in the control of athletics. Moreover, in few places have the students collectively taken such sane interest in the promotion of their own welfare. As you know, the Institute Committee has recently adopted the "point system" to avoid excessive participation of individuals in social or athletic activities. The second-year class has taken such action as to do away with the useless and harmful activities of the night before Field Day. The Tech Show management of last year insisted that students should not take major parts who by so doing would be prevented from keeping up with their class. I mention these things so that those of you who have come here for the first time may know that, though you may miss here some of the boyish features of college life, you will find, in place of them, a sounder, more manly sentiment, which is even more conducive to the development of a successful student life."

Cameron Forbes, Harvard 1892, and at present vice-governor of the Philippine Islands, was then introduced by President Noyes, who mentioned the speaker's close connection and hearty interest in Tech affairs.

Mr. Forbes spoke of the problems and aims of Insular government in general. He then passed to the particular phase

TENNIS RESULTS

The third round of the fall tennis tournament is practically completed. Covill 1911, seems to have the best chance of winning. He has already defeated Capt. T. B. Parker 1911, and Sweet and has no one of his calibre to meet until the semi-finals when he will probably be opposed by H. P. Farrington. In the upper half Sheuer 1910, and Whittemore 1910, will clash to decide who shall play in the semi-finals, while Coville meets the winner of the Sutton-Watson match. In the lower half H. P. Farrington is already in the semi-finals and Nickerson 1909, and Price 1910, will fight it out for the other place.

NEW RULES GOVERN REPUBLICAN MARCH

**Students Assemble Tonight
Behind Rogers Building
on Newbury Street**

TORCHES AT GYM

**Two Hundred Uniforms Given
Out Yesterday—Number
Doubled Today**

Final arrangements for the great college Republican parade tonight are completed and the demonstration promises to be the largest ever seen in Boston. Chief marshal B. S. Van Rensselaer, Harvard 1910, has everything arranged to make the affair a success, and expects to have 3500 men in line.

The parade will form in the Back Bay thus: Harvard on Beacon street, about 900 strong, in three divisions, with three bands; seniors and sophomores in the first division, juniors and freshmen in the second, and the graduate school in the third, with Arthur Cable managing editor of the Crimson, and E. P. Currier, a captain of the baseball team, as marshals. The North Shore division on Marlboro street probably at least 1,000 with a band. A. P. Loring, Jr., of Beverly, chief marshal; Tufts, about 200, Brown about 200, B. U., about 100 and Amherst, about 50; each college except Amherst with a band, on Commonwealth avenue, and Technology, about 500 with a band, on Newbury street.

Dartmouth will send no delegation and Amherst only 50 because of the football game next day. Besides the seven bands there will be numerous drum-corps to add to the din.

The marshal of the M. I. T. first division will be Maurice R. Scharff, Business manager of Technique 1909; and of the second division, John W. Fitzwater, who has seen active service in the U. S. army. The marshal of the other college division will be J. Sterette of Tufts.

The parade will start at 6.30 P. M. and the route will be Beacon, Park, Tremont, Boylston, Huntington, Ruggles, Columbus, Massachusetts avenue to Harvard bridge.

The Technology division will proceed down Newbury street to Clarendon and from there to Boylston and down to Rogers steps, where the members will disband after cheering.

Chief Marshal Van Rensselaer in his orders issued last night, requires that "each division shall provide a suitable cart which will follow the division in the line of march for the purpose of carrying discarded torches." The order further reads: "All men leaving the line of march will be required to take off their caps and gowns and to leave their torches in the carts. This order must be observed and the police will be asked to assist in its enforcement. Upon the divisions being dismissed every man must remove his uniform and discard his torch. No man will be permitted in the streets after the parade wearing his regalia."

The men are requested to throw their torches in a heap on the left side of the steps after the crowd has disbanded and those desiring them again as souvenirs can get them at the Union on Saturday on the presentation of a part of the ticket which will be given them.

It has been further decided that no member of any division will be allowed to leave the street on which his division is forming while the forming is going on.

The police commissioners are anxious that the parade shall go on without a hitch and are willing to relax a little from the usual discipline. It is to be hoped that the men will indulge in nothing but wholesome enthusiasm and will not permit their jubilation to carry them away. Strict obedience to the marshals of the various divisions is necessary to make the thing a complete success.

The men are requested to get their uniforms as soon as possible. So far only about two hundred have been given

BOTH TEAMS LOSE WITHOUT SCORING

**Sophomore Football Squad
Beaten by Somerville
1912 by Dean**

IMPROVEMENT SHOWED

**1911 Plays Newton Next Saturday
Freshmen Tackle Lowell
Textile**

Somerville High was pushed to the limit Wednesday to win from the crack sophomore football aggregation. The game was played at Broadway Field, Scmerville, and the local team was forced to use the regular lineup to prevent the Institute team from winning.

The first half started out all in the sophomore's favor, the ball being pushed to within one yard of the Somerville goal line as a result of a few strenuous rushes and a brilliant forward pass in which Williams and O'neil figured for a gain of thirty yards. But the ball was lost on downs and the half ended, score 0 to 0.

In the second half the local team put in the remainder of the regular lineup and after about five minutes of play Gustin carried the ball to within three yards of the Soph goal line on a ground pass from where it was carried over by McDonald on the next rush. Somerville failed to make a fair catch.

Somerville kept up the work and Cousens again carried the ball over. Woodman kicked the goal.

The Institute team then took a brace and carried the ball to the opposing ten-yard line when time was called. Final score 11 to 0 in favor of Somerville.

Next Saturday the Sophs will probably play Newton at Newton, and a good game is expected as both teams are strong.

Freshman Game

Dean Academy defeated the freshmen Wednesday afternoon at Franklin by the score of 6 to 0. It was a close game and Dean was lucky to score. In the first half neither side scored. In the second Smith of Dean carried a forward pass over the line for a touchdown. The freshman line was strong, holding Dean once for three downs within a foot of the goal line. The summary follows:—
