## "FRESHMEN 1912 M. I. T.

The success of all our class activities depends upon the calibre of the men you put in office. Elect strong, capable and energetic men and assure success at the start.

### Cast Your Vote For

HAROLD GREENLEAF, Class President

and

EDMUND B. MOORE, Class Vice President

They are men of large calibre and know how to handle class business successfully. SUPPORT THEM."

For the first time in the history of the Institute has politics reached such a stage as to advertise candidates for the various offices. The above slip has been printed and distributed by some member or members of the class. Whether or not the information contained therein is supported by fact is not the point, but of the taste displayed in such an exhibition of politics there is no room for question. The identity of the person or persons concerned is concealed with a wisdom not shown in issuing the slips which are being distributed. It would be premature to accuse either of the men whose names appear on the slip without giving them a chance to denounce publicly the action, but, with such a class as there is every reason to believe 1912 is, it can only be regarded as extremely unfortunate for the candidates in question.

## EDWARD K. HARVEY

Juniors in Course I were deeply shocked at receiving the news of the death of Edward K. Harvey at the Boston City Hospital Tuesday. While Mr. Harvey had never been particularly active in class affairs he had won the respect and friendship of all the men who came in contact with him by his quiet sincerity and straightforward actions.

Mr. Harvey was a graduate in Arts of Dalhousie University Halifax. Before coming to the Institute he was a member of the teaching staff of the Perkins Institute for the Blind. Perhaps his most notable work has been in the field of Esperanto. He has for several years been deeply interested in the new language and was secretary of the Boston Esperanto Society and delegate at the International convention at Cambridge England. It was partly through his efforts that the Esperanto course has been introduced at the Institute.

## RESOLUTION

Whereas, God in His infinite wisdom, has taken from us our beloved classmate, Edward Kitson Harvey, and

Whereas, the class of 1910 of the Massachusetts Institute of Technology has lost by his death a member whose quiet personality and sterling character won

the respect and friendship of all those about him, be it therefore,

Resolved, that we, the members of the class of 1910, extend our deepest sympathy to his loving family in this time of bereavement, and be it further

Resolved, that a copy of these resolutions be sent to his family, that they be published in the Tech and that they be spread upon the records of the class of 1910.

I. W. SAUL,  
J. M. FITZWATER.  
(for the class of 1910)

## CADET CHIVALRY

Considerable merriment was occasioned Wednesday afternoon when one of a group of fair young maidens watching the drill from the balcony of the Armory accidentally dropped her pump to the main drill floor. A rather informal scramble which took place between the commissioned officers, the luckless non-coms and privates being confined to their posts, resulted in a victory for Lieut. Golden, but to Cadet-Major Rowe fell the honor and pleasure of returning the lost shoe.

The young lady had evidently rested her foot on the lower bar of the iron railing and when she started to take it down the heel caught with rather embarrassing results.

And yet they say there is no romance in a soldier's life!

## MASONS ORGANIZE

After their dinner at the Union Wednesday evening the Master Masons formally organized in a club and adopted a constitution and by-laws. The following officers were elected: president, C. W. Hubbard 1909; vice-president, A. J. Foote 1910; secretary, C. D. Jacobs 1909; treasurer, L. A. Loomis 1909. The following were elected to the board of directors: Prof. Allen, Prof. Gill, Dr. Kurlmeyer, Mr. S. E. Gideon, Mr. Chas. Field, 3rd. Those present were G. G. Brooks '11, H. P. Trevitick '09, Chas. Field, 3rd, R. W. G. Wint '08, C. D. Jacobs '09, R. M. Gillis '10, H. C. Bradley '91, R. E. Dillon '10, A. J. Foote '10, C. W. Hubbard '09.

## HYDE PARK THE PLACE

The run this week is at Hyde Park. Swimming tank and shower baths are at the disposal of the squad. Train leaves Back Bay station at 2:19 P. M. Round trip fare is 25 cents. These weekly hare and hound runs will be continued during the rest of the fall as training for the annual handicap cross country race which will be held Nov. 28. The men who fail to make the team will have a great advantage in handicap over the faster men in this race. In fact one of the slower men has always won this race because of the liberal handicaps that are given. Besides the three prizes that are given for first and second places and for the best time the men making the four fastest times are awarded their "cTe." There is a good chance for everybody to get something out of this race so all the fellows should keep in training by continued attendance at the weekly hare and hound runs.

Mr. William Firth Wells, 1909, is away from the Institute this year on leave of absence, having accepted a position as assistant chemist and bacteriologist in the office of the Washington Aqueduct Filtration plant, Washington, D. C.

## POSSIBLE WAYS OF USING CLASSIFIED ADS

### TO SELL BOOKS OR TO LOCATE LOST ARTICLES

Economy is a basis principle of success. So, if you have some second hand books or drawing instruments that you have no further use for, insert a small classified advertisement in THE TECH.

But suppose that you want to find a lost article — just as simple — insert a small lost ad under the classified heading, stating exactly what you have lost. As both those who have and those who want read our classified column, you are bound to get results.

### EXAMPLES

LOST.—Note book with initials A. K. S. on cover. Please leave at Cage for A. K. Simmons.

1st YEAR MATH. BOOK—for sale cheap, in excellent condition. Apply to X. Z. The Tech 30c.
