CADET CHIVALRY

Considerable excitement was oc-
casioned Wednesday afternoon, when one of a group of fair young maidens watch-
ing the drill from the balcony of the
Army accidentally dropped her pump to the main drill floor. A rather in-
formal scramble which took place be-
tween the commissioned officers, the
huksies non-coms and privates being con-
vinced to their posts, resulted in a vic-
tory for Pvt. Golden, but to Cadet
Major Bowe fell the honor and pressure of returning the lost shoe.
The young lady had evidently rested
her foot on the lower bar of the tri-
alling and when she started to take it
down the hoop caught with rather embar-
assing results.
And yet she says there is no romance
in a soldier's life.

HYDE PARK THE PLACE

The run this week in at Hyde Park. Swan
tank and shower baths are
available at the disposal of the squad. Train
leaves Back Bay station at 2:18 F. M. Round trip fare is 25 cents. These
weekly hound and hound runs will be con-
tinued during the rest of the fall as
training for the annual handicap cross
country race which will be held on the 28.
The men who fail to make the team
will have a great advantage in handi-
cap over the faster men in this race.
In fact one of the slower men has
already been given this race because
of bad handicaps that are given.
Besides the three prizes that are given for 1st and
second places and for the best time
the men making the four fastest times are awarded their "c.'c.
There is a good chance for everybody to get something out of this race so all the fellows should keep
in training by continued attend-
ance at the weekly hare and hound runs.

Mr. William Firth Walk, 1909, is away from the Institute family on leave of absence, having accepted a po-
tion as assistant chemist, in the
helium office of the Washington
Airship Effect Filteration plant, Washington, D. C.
