FIELD CUP (Continued from page 1.)  

of the play accepted will be announced at the dinner. Friends is scheduled to arrive at the hotel. It is impossible that General Manager Joslin may be able to give the trip which the show will take. The vacation this year is just the same as the last year. The last day of the holiday is scheduled on the same day, as it came on Sun- 

day last year. It is hoped, however, that it may be possible to give more performances than was done last April, and every effort is being made to do so. 

After the end of tug-of-war, relay and football work next Field Day 

the competition for the business and ad-

vertisements will begin. There are two advertisements in each of these depart-

ments, preferably sophomore and freshman, and these will be selected be-

fore the vacation. The chances this year 

are especially good and should bring out the highest number.

The management has done a good deal of work already and has adopted a strict set of rules which promise well for efficient government of the show this year. The new show office will be in the Union, probably in Room B, and is in the care of the year for the managers to meet the candidates often and thus be able to instruct them and judge their work.

The competition for the poster will start as soon as the show is picked. As usual a price of $10.00 will be offered for the best. The lyric competition will also start at this time. The verses for the Show are written by anyone who wishes and selected by competition. A list of titles (for songs) will be given, and a man may write as few or as many as he chooses. Departures from the list will be welcomed, and any good line can be worked in whether it concerns the play or not.

CHINA VISITS TECH  

Messrs. Chang Po Ling and Li Chih Hsien of Tientsin, China, who are mak-

ing a tour of the world inspecting educa-

tional institutions, visited the Institute on Saturday and were shown through the buildings by Mr. Napoles.

The Chinese gentlemen arrived at San Francisco on Sept. 1 and is in the coun-

try across the continent have seen many of the leading colleges and universities, 

among them Princeton, Yale, Harvard, and Columbia. They left for New York 

Saturday evening and will start for Liver-

pool today.

STOCKDALE SPEAKS  

At the Y. M. C. A, meeting in the Union Sunday, Rev. Allan A. Stockdale 

of the Union Congregational church gave an interesting talk which was well at-

tended.

News has been received of the mar-

riage of Elizabeth Fyfe Davidson, of 

Dorchester, to Stewart Clark Coe. 1906, 

of Lawrence, Mass. The best man was 

Edward Coe of Brookton, a brother of 

the groom.

The pictures were C. Gilbert Brown, 

Princeton 1906; Alfred Place 1905; 

Daniel C. Munroe, Bowdoin 1901; and 

Francis Drake 1898.

TECH SHOW (Continued from page 1.)  

next Friday. 

The football teams have had pretty short schedules this year and almost all their practice has been by them-

selves at the Field.

In comparing the teams one naturally 

thinks of the scores with Lowell Textile 

games which were identical, each team winning 10. If the present record of four points, is a tie the winning class becomes the one which wins the relay 

race which counts three points against two for the tug-of-war. At all events, each struggle will be done enough to be interesting and there will be nothing sided away any of these 

men, doing the relay in 23 seconds. The average time of the record for the year 

was 25 seconds. Captain Sullivant has 

shown what he can do on the track and 

several offer men are exceptionally fast, 

but the general average is not much bet-

ter than it was last year and the holiday is celebrated 

an interesting talk which was well at-

tered. It has often been suggested that 

the team- last year 

is a difficult or impossible task, but it 

is quite possible that upon this event 

will be welcomed, and any good lyrie 

as he chooses. Departures from the list 

of work already and has adopted a 

diction as to the result of a tug-of-war 

is a difficult or impossible task, but it 

is quite possible that upon this event
