TECH GRADS ELIGIBLE

To Compete for Scholarships at Roman Architectural School

Six graduates of the architectural department, now taking advanced work at the Institution, are entered in the competition for the prize offered by the American Academy in Rome. These are: C. F. Baker 1907, R. J. Butcher 1906, J. DeLancey Chandler 1908, William F. Dolby, Jr., 1908, Elnor Kilby 1906, and R. I. Williams 1908.

Architectural graduates of Technology are eligible to compete for the Roman prize in architecture, offered by the American Academy in Rome, consisting of three years' tuition in the academy and $1000 a year. Announcement of the competition is made today by the academy's committee on architecture. Those who wish to participate in the competition must make written application on or before November 20, to Francis D. Mifflitt, 6 East Twenty-third Street, New York City.

The competition is open only to United States citizens and graduates of the architectural schools of Harvard, Columbia, the Massachusetts Institute of Technology, and the University of Illinois. The decision of the committee is final.

PROF. DESPRADELLE

Wins Competition for Brigham Hospital in Brookline

Prof. Despradelles, Architectural Department, has achieved another great success by winning the recent competition for the plans of the Peter Bent Brigham Hospital, to be erected on Huntington avenue and Francis street, Brookline. In the competition, which closed Oct. 1, were five Boston firms and one from New York. After much discussion the committee in charge accepted the plans of Codman and Doak, plotters, of Brookline.

Prof. T. W. Chandler, also of the Architectural Department, was a member of the advisory committee to the Board of Trustees and together with six physicians and other members of the board of trustees formed the committee of award. Prof. Chandler worked out the general arrangement of buildings to be used in the competition.

Upon learning of the new honor conferred on Despradelles Wednesday afternoon, the fifth year architectural students expressed themselves heartily as pleased with the sign of affection and esteem shown by his students.

E. E. EXCursions

The Electrical Engineering Society will have excursions to the Fire River ship yard during the three days next week, Thursday, Friday, and Saturday, Dec. 4 and 5. Lists are posted in Loring Building for members to sign, according to the time they prefer to go. The ship yard visit will be followed by a dinner at Quincy at 11:45 P. M. As the Fire River Ship Building Company maintains that none of the parties have more than thirty men, it will be well for expedients for members to sign the lists at once, if they have any preference as to the day they intend to go.

HANDBALL PETITION

A petition has been drawn up and is already signed by more than thirty men for the erection of some kind of a handball court in the Gym. The erection of some Swedish apparatus at the end of the gymnasium, where the game was formerly played, has taken away all chances for the handball men to enjoy their sport. It has been suggested that a movable wall be constructed which could be moved to place in front of the apparatus when the Gym classes were not being held.

THEY ARE ONE OF THE MULTITUDE OF THINGS THAT WE TAKE FOR GRANTED. THEY ARE IMPORTANT, BUT IMPORTANT IN THE SENSE OF ESSENTIAL.

THE TECHNOLOGY REVIEW

A QUARTERLY MAGAZINE DEVOTED TO THE INTERESTS OF THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

PUBLISHED BY THE ASSOCIATION OF CLASS SECRETARIES

83 Newbury Street, Boston

The Review aims to develop closer relations among Institute men and to stimulate their interest in science. It contains articles on engineering, physics, astronomy, chemistry, mathematics, education, social problems, and the like. It is also a useful guide to the position of the Massachusetts Institute of Technology in the world of science.

THE TECHNOLOGY REVIEW is published quarterly at $2.50 a year in English or French, or $3.00 in aid of the Massachusetts Institute of Technology, Cambridge, Mass. Correspondence concerning editorial matters should be addressed to the Managing Editor, or to the Resident Editor at 83 Newbury Street, Boston.

VOL. I, NO. 2, JANUARY, 1908

Published in Boston, Mass., every Wednesday, except December 25.
