BASKETBALL IS WELL SUPPORTED

Many Candidates Out for Team and Excellent Squad Has Been Chosen

SECOND TEAM GOOD

CLASS TEAMS BRING OUT BETTER MEN THAN WAS GENERALLY EXPECTED

Would Answer Call

With a little over a week until the track season, the outlook for a successful basketball season is particularly promising. The team has been working hard for a month already, an early start being necessary because of the infrequency of practicing the game for practice. From the squad of over forty that started at the first practice meeting, Capt. C. W. Wentworth has been successfully in picking a fast, well-balanced team to represent the Institute.

Brings a Boost to the Men's Strength Institute Team

Last Saturday the freshmen held their final out-door meet of the season. The regular distances were run, and, consequently, the pace, condition of the track, excellent times were made in all the distances. F. W. Dalrymple added 10 points to his already large score and has 49 points to his credit for the series. A. C. Fessenden, second at 27; and J. L. Bray is third with 24 points. From the results of these meets Coach Kannely has picked the following to be the most promising for the varsity squad—H. S. Benson, J. Beckey, J. L. Bray, F. W. Dalrymple, L. S. Grant, H. H. Herrignoff, M. A. Oettinger, J. R. Park, S. E. Reed, F. J. Spinney, C. L. Tuller, and W. E. Walker.

At the meeting last Saturday Beckey managed to get the majority of the points, gathering in 10. Bray was second with 14. Beckey is looking like a possible point winner at the freshman meet next spring. He has been doing some fine work in the broad jump, and if he improves as much as Kannely hopes, he may easily cover 21 feet with ease.

The interesting event to the spectators was, without doubt, the 100-yard dash and the 440-yard dash. In the first race the public school men were tape together and the judges disagreed on the result. It was given to L. S. Grant, however, and S. E. Reed was second. Ten men started in the 880 and the race was close and exciting throughout its course. G. H. Sibley was leading at this point. Tuller, Shepard, and Oettinger passed him and these three men fought during the first quarter, but at the finish Park took the lead out to a good margin and won the event.

The mile run was easy for Benson, who ran away from the field in the last part of the race and the jumps were all easily contested.

Summary:

100-yard dash—Won by L. S. Grant; S. E. Reed, second; M. A. Oettinger, third.
440-yard dash—Won by F. J. Shepard; S. E. Reed, second; N. G. Herrigoff, third; F. J. Dusky, fourth. Time 61.8.
880-yard run—Won by F. J. Shepard; M. A. Oettinger, second; L. S. Grant, third; C. L. Tuller, fourth. Time 62.8.
Mile run—Won by H. S. Benson; G. L. Trimble, second; J. Dusky, third; N. G. Herrigoff, fourth. Time 4:54.
220 low hurdles—Won by L. S. Grant; J. Beckey, second; C. L. Tuller, third; F. J. Dusky, fourth. Time 30.6.
High hurdles—J. Dusky, second; J. L. Bray, third; L. S. Grant, fourth. Height 6 ft. 4 in.
Broad jump—Won by J. Beckey; W. E. Walker (Continued on page 3.)

THAT PILL GRIMM

In the last issue of The Tech, in the article on the Sheer poster competition, the title of this year's poster and the wrongly given with one "m" in the word, the title should read "That Pill Grimm" and the correct spelling must be used in all drawings submitted in order to secure consideration.

CALIFORNIA AND THE ECONOMIC CRISIS

In the December Bulletin there are regular students at the Institute, 109 graduate students, and 233 freshmen. There are 510 students and 510 graduate students. There are resident fellows and non-resident fellows. Six men are candidates for the degree of Doctor of Philosophy, and 16 are candidates for that of Master of Science. In all there are 1428 students.
