H. S. GOTT IS CAPTAIN

Elected captain yesterday, Herbert Gott 1910, hopes to make the Gym team bigger and stronger than it ever was before. In former years it has had only private exhibitions, but beginning with this year it will meet with the Gym teams of other colleges. Gott has been a member of the team for two years and has done exceptionally good work on it.

He has already started his work and put the men through their paces with the assistance of W. C. Towne, the Gym instructor, and assistant Harold A. Bruce. There are quite a number of the old men back and the new material is promising. The compulsory physical training rule this year has brought a large number of freshmen. The team is now practicing hard for its first exhibition, which will come early in January.

Among the meets already arranged are those with Williams, Tufts, Trinity, and Y. M. C. A.

1911—Important class meeting Monday, in Huntington Hall. All are urged to be present, as question of class pipes will be discussed.

1912 BASKETBALL—Practice Saturday afternoon, 3 P. M., at Gym. A chance to show your spirit. Come out for the team.

CROSS-COUNTRY—Run at Malden. Train leaves North Station at 2:30 P. M., Saturday. Fare 20 cents round trip.

HOCKEY PRACTICE—This afternoon, 3 P. M., at Hammonds Pond. Take Chestnut Hill car to end of line and walk to icehouse.

BEAR STORY TOLD

W. Lyman Underwood, a special lecturer of the Biological department, gave an interesting lecture at Chickering Hall last Wednesday evening. The lecture related the true story of a bear that was brought up as a child, and showed many incidents in the life of the north woods lumbermen at their winter camp. The accompanying photographs were beautifully colored, showing river driving, bird life, canoeing and backwoods life.

ADVENTURES IN CHINA

"Adventures in China" will be the subject of an informal talk by Rev. J. H. Denison, Sunday evening at 8 P. M., in the parlors of the Central Congregational Church. The parlors are entered by the door on Newbury street, just above Berkeley. Dr. Denison decided to give this talk on Sunday so that those who hear the address on the Cannibal Islands tonight can have the opportunity of hearing both. A cordial invitation is extended to Technology students.
