TECHNOLOGY LOSES TO HANOVER FIVE

Dartmouth Wipes out Former Defeat by Basketball Victory—28-19

1911 DEFEATS 1912

Sophomores Win Class Championship Series From Freshman Numerals Awarded

Dartmouth wiped out its former defeat in basketball by besting the Tech team, 28 to 19, last Friday evening in the gymnasium. The game was marked by few by both sides. The score hardly shows the condition of play, for both halves were fast and close until near the end of the game.

Dartmouth, forward, played an exceptional game, scoring 18 of the 28 points. The score from Harvard was evenly distributed through the line, with only 1 point from Harvard. The Cardinal and Gray put up their usual good fight, but were outplayed in the scoring.

The game started in the first half, but Tech was soon in the lead on a long shot by Westmore and some clever baselines by Parker. The Green got the lead again and held it to the finish, with only 1 point from Harvard in the second half. Dartmouth had the best time of the two teams.

L. L. ELDEN TALKS TO ELECTRICAL STUDENTS

Students Miss Many Chances to Benefit by Course Societies

GUERTON ON ALLOYS

Research Associate Will Talk to Chemical Society Tonight—Others Invited

As Professor Wm. A. Walker says, "Technology men are ripe and ready for the first of a long string of meetings in the technical world."

The Electrical Engineering department was well represented at the meeting of the Chemical Society on Friday evening. The meeting was well attended by both students and faculty members.

Dr. Willard F. Guertler, who has been in the employ of the Edison Illuminating Company of Boston, will speak tonight at the meeting of the Electrical Society. Dr. Guertler has been in the employ of the Edison Company for a long period and his scientific handling of the subject is well known.

Mr. E. Jacobs is Captain

To Lead 1999 Cross Country Team

Stephanus 11th at Providence

Elmer Jacobs 1910, at a meeting of the cross country team held yesterday, was elected captain of next year's team in place of L. A. Mullen 1910, who has left the Institution for the season. It is probable that Mills will be back next fall but someone had to be chosen to take charge of the work this spring. T. D. Stevens 1910, who served as assistant captain last year, is again on the team.

THE CATHOLIC CLUB MEETS

Twenty-five members of the Catholic Club of Technology met last evening in the Tech gymnasium to hear an informal address on "Opportunity" given by Thomas A. Mullin, former member of the House School Commission. Mr. Mullin discussed the many opportunities that exist for Catholic boys in the world of today. The audience was very interested in the talk.

CATHOLIC CLUB MEETS

TECHNOLOGY TEAM HAS MADE A SCANDALOUS RECORD THIS YEAR

STUDY TOO MUCH

A large number of men do, no matter how hard they work, get no results. This is because they study too much. They spend all of their time studying and do not get any results.

CALDENDAR

WEDNESDAY, FEBRUARY 24

8 P.M. Fencing at the Gym. Tech vs. Columbia.

THURSDAY, FEBRUARY 25

8 P.M. M.E. Society meeting at Union.
