83 NEWBURY STREET, BOSTON

The Review aims to develop closer relations among Institute men and to stimulate their interest in the work of the College. It is in no sense an engineering magazine, but deals broadly with the problems of Technological Education and the responsibilities of the professional man.

THE REVIEW is published during January, April, July, and October. Communications should be addressed to The TECHNOLOGY REVIEW, 83 Newbury St., Boston

SUBSCRIPTION, TWO DOLLARS A YEAR  
SINGLE COPIES, FIFTY CENTS

The fourth excursion of the Electrical Engineering Society will be made to the works of the General Electric Company at West Lynn, Mass., on three afternoons of next week,—Monday, Wednesday, and Friday, March 1, 3, and 5. As the opportunity is an unusual one, it is expected that a large number of the members will take advantage of this chance to see one of the largest and best equipped electrical manufacturing plants in the country. As it will take several hours to go through the plant itself, the start will be made earlier than usual. The parties will leave on the ferry boat of the Boston. Revere Beach, and Lynn Railroad at Rowe's Wharf, at 1.50 P. M., on March 1, 3, and 5. Members are requested to buy their own tickets for West Lynn. Lists are posted on the Society bulletin board in Lowell Building for the signatures of those who intend to go. Parties are limited to thirty men. Round trip from Rowe's Wharf, twenty cents.
