 THREE REQUIREMENTS FOR ALL STUDENTS

You need reliable, original and complete material fir written or spoken work. You also need to know your permanent position, which you should plan for now, before all the best openings are filled. Here is the way to get all three at a minimum of effort and expense:

WE ARE DEALERS IN FACTS

We furnish the best information available on any subject in school, college or clergy. In those fields in which public affairs are constantly complete and to the point, carefully typewritten, promptly supplied, and arranged in suitable form, which will have the recommendation of the editors of the newspapers and masses of books being read giving results against such in so far as possible.

I. B. Vietz, 1909, spoke of the necessity of a reading list in the house of the Union so that speakers might read their notes while the lamp is new. This will be referred to the committee. Vietz further declared that any man who sits in the Union should not only be severely spanked, but should have a rope tied around his neck and hanged up if the Union window for the edification of the property. Vietz pointed out the chair to an assembly of resolutions regarding this matter, which was presented by the committee.

Another question of interest brought up were those of ventilation in the Union and sanitation in degrees buildings. Regarding sanitation a letter is to be sent to the faculty calling their attention to the insanitary, in the present order, as well as to its healthful use.

J. H. Richardson, 1909, announced that dinners were presented to Mrs. Rush in her birthday and that the letter expressed herself as much pleased for the dinner. Mrs. Richardson is the nearest relation of the Mohican Engineering Society.

Mr. Henry W. Deitrich, mining engineer of Philadelphia, will speak in Hanover Hall on March 17th. His topic will be "The Determination of Soil in Mine Examination."

It's a FOWNES

"That's all you need to know about a GLOVE"
