Cadets Take Championship of Colleges for the Second Time  

WEST POINT WINS FENCING HONORS  

Two Army Men Lose One Bout  
Each—Knox Wines Five, Loring Two and Grubnaii Two  

West Point won the intermittent fencing championship last Monday by a total of 20 bouts won to 4 lost. The Naval Academy was set with 9 victories and 12 defeats. Yale came third with 16 victories and 17 defeats, and  

Tulc quarters with 9 victories and 26 defeats. The final contests were held Sat., and the location was Macdonald avenue and 9th street, drawing a large crowd, including several local women. In the afternoon the first lost of bouts in the final series were  

fenced at the New York  

Yale-B. H. Smith,

PRICF CENTS  

ANNUAL RACE OVER TECH-HARVARD COURSE—CIVIES Are The Favorites  

C. P. ELDER WINS RUN  

Here and Hounds Hold Weekly Run Over New Course Laid Out by Capt. Jacobs  

Plans are fast being completed for the intercollegiate cross-country race to be held April 3, over the regular 14-mile course.  

The news is held primarily to give the new experience in actual racing, and to strengthen the men. Coach Kamm will be in charge, and the course.  

The run will start at the Highland station at 3:30 P.M. and finish at the track at Tech Field, Brookline.  

At Needham last Saturday the hare was turned loose, and those men new course, over a distance of seven miles. The course is one which is held by Capt. Jacobs, and it is the ideal course for the event.  

The race will start at the Highland station at about 3:30 P.M. and finish on the track at Tech Field, Brookline.  

C. P. Elder wins the meet, and those running to gain experience in the event.  

FR. LECHY TO SPEAK  

Rev. Fr. George V. Lechty will address the Catholic Club of Boston Thursday at 8:00 P.M. in the Union, on the Darwinian theory. Father Lechty is professor of science in St. John's Seminary, Brighton, and is well qualified to speak on the subject.  

Students have heard many talks advocating evolution, and this will be the first one at which they will be able to hear another view of the other theory. In this discourse, it is certain that all are interested, and an invitation to attend is extended to everyone.  

F. M. HEIDELBERG,  

President.
