TECH MEETS TECHNIQUE

Annual Base Ball Game Monday
Tech Field—Comedy Is To Be Big Feature

A Junior Week program is complete without a baseball game in the Tech-Tech base ball game at the Field, Monday at 9:45 A. M. Everybody should take a car ride out to Brookline and have a good laugh at the expense of the players and the umpires.

The score is going to be exchanged in the pre-game and will be slightly above the usual score. The bases will be active, the pitcher will be cut, and the outcome of the game will be determined by the umpire.

The management of the Tech clubhouse has arranged with the Tech-Tech to play the games in the center of the field, where the players can see each other and be active.

The Management of both teams is working on the game.

The book contains 483 pages, slightly more than the large volume of last year. Despite the size the volume is carefully proportioned and the material is interesting and readable from cover to cover.

The large volume has been found to the faculty than usual, the sketches of the individual professors being reduced.

The book is expected to make Technique the best year-book ever published in America.
