SEASON TICKETS

(Canceled from page 1)

It is requested in the student body that upon the support of this system by them, money for athletics will not be raised by popular subscription.

It is suggested by the Advisory Council that each man buy his ticket from the representative of the team in which he is interested. This suggestion is for the purpose of doing away with any cut-and-dried tendencies on the part of any representative selling tickets.

A. A.苗, an Exchange student, is the most logical and capable student to represent basketball, but he is not in that country, and the ticket sales of the school cannot be the property of any one student as they are part of the general fund of the school. This Fund is for the support of all athletic teams, and it is requested that the students themselves be responsible for the sales of tickets for each separate contest.
