Monday, May 10, 1909.

The Tech takes pleasure in announcing the engagement of Mrs. Mary Lea Nage, 1912, and Louis Sebastian Wasil, 1912, to the news staff, and of Frederick Joseph Burke, 1912, to the business staff.

As usual, the athletes did some excellent work at the inter-class meet, and as usual the crowd was incalculable.

It is hoped that we shall win the intercollegiate meet, or even get second place, there are a lot of people around the Institute whose chests would swell out, and their crow would be loud and bav.

But when it comes to supporting the team by their presence, even at the cost of only a quarter, they conveniently forget the engagement.

The most critical period in the development of the track team is just at this time, and the class meet was postponed till Monday in order to bring out the greatest possible interest.

Some have responded nobly, but if the general attitude of the Institute in athletics from the part of both those who are and those who are not athletes, is indicated by the attendance at the spring meet, we may soon expect to hear that the spirit of Technology is dead. If athletics, the largest undergraduate activity, fails to get a response from In-Filiure men, what will be the fate of the others? The question is put to you, think about it.

FOURTH ANNUAL DINNER
Harvard-Tufts High School Men to be at Mechanic Arts Dinner

Wednesday night the Mechanic Arts Club will hold its fourth annual dinner at the Union. Dr. C. W. Pawson, at the head of the school, Mr. Herbert S. Weaver, headmaster of the Girls' High School of Practical Arts, Charles W. Reed, junior master of Mechanic Arts, and Mr. William 11. T. Wright, supervisor of Mechanic Arts, will speak. The M. I. T. Orchestra will furnish music. The artists from Harvard and Tufts, and the fourth year class at the school, have been invited to attend.

Tickets should be presented at once from H. K. Pumier, 1908, H. P. Wannemacher, 1910, H. M. Davis, 1911, or H. O. Maxwell, 1912.

SPRING MEET
(Continued from page 1)

Grown 1910, fourth. Distance 18 ft. in.
