DEPARTMENTAL CHANGES.

(Continued from First Page.)

Frank M. Gracey has received the appointment of instructor in chemistry, and will give one descriptive geometry, while the following have been appointed as assistants in the department of civil engineering:

Charles Allen, one of last year's assistants to the staff has given up his position to accept a lucrative position in a shoe manufacturer in Spencer.

W. Taylor and Robert E. Zueger have been advanced from assistants to instructors in the mechanical engineering department.

Everett O. Hillier is a new instructor.

Professor George C. Shald of the electrical engineering department has resigned, except the post in hand of the department of electrical engineering in the University of Kansas. His successor has not been chosen.

Professor Shald was a graduate of the Apprentice College in the class of 1890, receiving the degree of "Electrical Engineer" in 1895. He came to Tech in 1896 from the faculty of the University of Wisconsin. He is a member of the American Institute of Electrical Engineers, the American Society of Electrical Railway Association, the Illuminating Engineering Society, the American Institute for the Promotion of Electrical Education, and the National Electric Light Association.

The following new assistants have been appointed in the electrical department:

Dr. M. W. Van Kleeck, of the University of Kansas. Professor S. C. Prescott of the department.

The new assistants have been appointed in the chemical department, including:

Dr. C. D. L. E. Moore to be instrumental in the advancement of chemistry in Germany and France. Dr. N. L. Nemo has been appointed professor of mathematics for the year, and Dr. C. D. L. E. Moore has been promoted to the rank of assistant professor. Professor Harry Tycer has accepted the chairmanship of the new department.

Henry H. Squire is made instructor in mechanical engineering and the National Electrical Institute.

M. L. Carey '09, and A. L. Shaw '02.
