TECHNIQUE 1911
RESUMES WORK

Summer Work Reviewed and New Plans Discussed.

At the regular meeting yesterday at 4:00 P.M., in the office of the Editor-in-
Chief in the beginning of the year, with all members of the board, the Directors, and professors
work is well under way.

Each member of the board was first called upon to state how they had
been doing so far in their departments, and to give a brief outline of the work that
had been done, and what was in the press.

The following have signified their intention of working for the art depart-
ment: W. H. S. Gardner 1911; H. B. Stovelle 1911; F. J. Brandy 1911; T. K. Wells 1911; G. S. Smith 1911; J. W. Baldwin 1911: and C. C. W. Smith 1911. The
following have not been represented: W. P. Brophy 1911; J. F. Alt; and S. E. Van Wert 1911.

At the end of the meeting, it was voted that all officers and members
of the board meet at 4:00 P.M. on Tuesday next, at the office of the Editor-in-
Chief, for the purpose of discussing plans for the next year.

By flunking, and the evil will be at No: 6--20c.

A new method of teaching descriptive geometry, and mechanical drawing is
being used with this year's entering class. Under this old method the lectures were
given in Huntington Hall, and the examina-
tions were given in the dining room by another member. In this way,

of the instruction of the students. As soon as students get through the course suc-
sessfully, there was no individual responsibility. Accordingly it was thought
best to divide the class into small sec-

onces, as in algebra, for example.
