through life. At least, they should make a good fight. Field Day. The man who turns out are getting discouraged and they need support.

The chairman of the executive commission reported, and then the names were nominated for the executive and athletic committees. Little action was shown, and Senior, and Nicholls were unanimously elected to the committees and Stores, Horner and Osella to the athletic committees. The meeting then adjourned.

PRES. HADLEY'S ADDRESS

The following extract is taken from the address delivered by President Hadley at the recent opening of Yale University:

"The college is governed by the men who take the trouble to think. As I look back on my college days, I am astonished to find how overwhelmingly true this was. Every man who thought for himself, whether on the right side or on the wrong side, was exercising a power over the course of events. The man who did think was thinking on the right side that the influence of the college was a good one.

"When you come back to class reunion twenty of thirty years from now you will find that some things look smaller than they do today, and that some things look larger. The college also won a victory will have sunk into insignificance. The question whether a man stood for honorable or dishonorable aims that counts. The question who gained the prize in letters or scholarship will be the one that remains in men's minds.

"If you cannot see through the fog that is hanging, and that is sometimes larger, the man who thought for himself, whether on the right side or on the wrong side, was exercising a power over the course of events. The man who did think was thinking on the right side that the influence of the college was a good one."
