Subscriptions $5.00 per year in advance.

Single Copies 1 Cent.

Printed by Puritan Linotype, Boston, Mass.

BOSTON, MASS., OCTOBER 23, 1909.

GEOLGY STUDY ROOM

In future 11 Pierce will be used as a laboratory and desk room for graduate students of geology, and as such will be used by the graduates of the department. These students were formerly accommodated in 604. It is expected that this arrangement will be of material benefit to the students of the subject.

There has been a great deal of speculation as to the reason for closing the passageway leading from the Union to Pierce and the Engineering building, but it is now known that this was deemed necessary on account of the fact that one or two students generally were working in 11 Pierce, through which this passageway leads.

FALL HANDICAP

(Continued from page 1.)

ture the first place, with Outtenger 1912 close second and Rod 1913 following him.

The quarter mile should be run the same as the 11 Pierce 1912, but again the pole vault, though it should not be as closely contested, ought to be a fight between W. D. Allen 1911 and Sallman.

With Nisbet and Metcalf out of the weight events it looks as if Chamberlain 1910 and Bray 1912 would be the winners of these events.

The freshmen class have two good men in Durham and Consall, but new men are hard to judge and probably "phonies" have to be taken with a grain of salt. Today will show up the possibilities of the freshmen to some extent.

This meet is the first event on the schedule of the season tickets and a large attendance is expected by the track management, and a good time is promised to all that attend.

SENIOR ELECTIONS

(Continued from page 1.)

As Secretary J. M. Fitzenrider will be the only member of this class to remain in office after graduation, for his duties continue as president of the class. As a class officer, he is third year of service, for he was also a member of this class in his first and second years. As Secretary, he becomes at the present time, one of the class officers, and a good time is promised to all that attend.

HEALTH CONVENTION

At the annual convention of the American Public Health Association, now in session at Richmond, Va., a number of papers will be presented by members of the Institute staff. Miss Ellen H. Richards' assistant, Mr. R. W. Gilbert, will read a paper on "Reduction of Infection of Milk and Meat." Prof. C. E. A. Window will read a joint article by Professor St. G. Peck and Mr. R. S. Reed, besides two other papers of his own, one collaborated with Mr. R. A. Robin, the other with Mr. G. T. Palmer, H. O. Jones, and A. C. Allen. The latter paper will explain the transferring railroad exhibit for the State of California, whose health, he is now on leave.

As some Institute laboratory are, in the opinion of this association, unsanitary, many interesting results are expected.

CALENDAR

Saturday, October 23.
Handicap Meet at the Field. 102 Football vs. Lowell Textiles at Lowell.
Monday, October 25.
1911 Polo Open.
Tuesday, October 26.
Chem. Society Dinner. E. H. S. vs. 1912 Track.
Wednesday, October 27.
