PRICE ONE CENT

### TUG-OF-WAR TEAMS TO BE PICKED SOON

#### Testing Machine Being Used to Determine Strength of Each Team

Great interest is now being shown at the Oval and the Gym. Both tug-of-war teams are being picked and every man on the two squads is doing his best. The teams will probably be announced in Wednesday's Tech.

Professor Park's testing machine has been set up behind the Gym. This device is based on the block and pulley, and registers the strength of every man's pull.

The freshmen had a trial on it Saturday and the coaches have recorded the result in each case. Yesterday the sophomores had their turn. Both teams registered rather higher than the average. The 1912 team appears slightly heavier than 1913, but a correct estimation of the relative weights can not be obtained until the teams lineup Friday.

The coaches are looking for weight, form and endurance as the qualifications for members of the teams. Faithful attendance is being considered one of the leading points in the candidates.

The sophomore squad is as follows:— C. A. Duyser, K. C. McKenney, N. A. Hall, G. S. Sawyer, R. F. Simonds, P. L. Flansburg, H. L. Woehling, H. F. Ferguson, G. H. Hakes, E. L. Sullivan, A. G. Heneshaff, K. H. Brown, R. E. Wilson, B. R. Cremer, M. C. Mason, H. U. Coddling, L. Matthews, R. T. Stone, H. G. Manning and T. C. Fisher.

The freshmen team will be picked from these men:—

J. K. Batchelder, S. Breech, C. W. Brett, H. S. Birchard, W. E. Caldwell, J. N. Carlson, B. C. Cromwell, J. N. Carlson, B. C. Cromwell, H. Dowsts, W. N. Holmes, A. S. Milliken, A. F. Brewer, N. D. McLeod, H. E. Prentice, C. H. Strang, G. R. Thayer, E. W. Taft, E. L. Hathaway, C. E. Pearce, G. R. Pardey, M. Tarre, E. R. Lincoln, E. H. Cameron, F. W. Blackwood, R. C. Warner, F. E. Severance, A. G. Russell, H. M. Rund, E. Welles and F. H. Achard.

### GOLF TOURNAMENT

#### At Monday Meeting Plans Made Secretary Elected

A meeting by the golfers was held in 22 Rogers yesterday noon. Definite plans for the coming tournament were completed, and a new secretary was elected. Former Secretary Charles Hobson 1911, resigned and P. M. Bramhall 1919, was elected to fill his place.

It was decided to hold the tournament next Monday. The Alston course will be used, as was the case last year. This is a regular 9-hole course and should prove entirely satisfactory to the men. All entries for the tournament must be in before Saturday noon. They should be left at the Cage addressed to the secretary of the club. The entrance fee is \$1.50. This may seem high, but one dollar goes to pay for the course, and the remaining fifty cents are for the cup.

Last year the fall tournament was a success and the officers are hoping that the men will show an interest this year and fill out a long entry list.

Owing to the fact that the Tech Show has contributed money towards the support of athletics, Major Briggs has consented to allow the Show "Buz Wagon" to come up along side of the grand stand in a very good position on Field Day.

### FRESHMAN DRILL PROGRESSING RAPIDLY

#### Exam for Non-Coms This Week Band Rehearsals Every Wednesday

Freshmen drill has now settled down into regular routine, and things are working smoothly. Under the direction of the commissioned officers and old drillers the men are learning the marching and are making very good progress. The examination for the non-commissioned officers will be held the last of this week. The band has begun work but will not appear till the first bat-

Capt. Easton will follow out Major Wheeler's policy, at least, until he becomes more familiar with the conditions here. The commissions are all full, and the men are working as in previous years. Thus far, only the simpler company movements and the marchings have been taught, the flank and oblique movements.

The company drill consists chiefly of marching in column of squads, but some captains have started their men on right by twos. At present the setting up exercises are forming a part of each drill. So far, there has been no difference between the Wednesday drill and the other drill days. The men are looking forward to getting their guns soon, however, battalion drill will be started as soon as Capt. Easton thinks the men are ready for it.

The examination for non-commissioned officers will be held the last of this week, probably on Thursday, from four to five. Appointments will depend on the result of this examination and on the regular work in the drill hall. The candidates will be examined on the school of the soldier and of the squad, and on the duties of corporals and sergeants in the company and the battalion.

Drum-major Symonds 1912, says that there are prospects of a good band this year. About 16 or 17 men are out. There are plenty of cornets, but a piccolo and a clarinet are needed. The band rehearsals are held Wednesday afternoons in the gymnasium of the army. The first one, held last week was very fair for a starter. On the other drill day, Monday or Friday, according to their section, the men drill with their companies. The band will not play till battalion drill is started—probably in a month or so. They will form a welcome addition to the work.

### ARTISTS ATTENTION

#### Technique And Staff Competition Closes Next Thursday

Work on the 1911 Technique is rapidly progressing. The art staff is now being selected and it is most imperative that the board have all drawings in their hands before Thursday.

All men who have made drawings to be submitted in the competition for positions on the 1911 Technique Art Staff must leave such drawings at the Cage addressed to the Technique. In cases where drawings have not been fully completed, the contestant should hand in the unfinished sketches in order that the board may be able to get some kind of a line on the possibilities of the men.

It is most earnestly hoped by the committee in charge that the artists in the Institute will respond to this call.

The new Museum of Fine Arts will be opened to the public on Monday, Nov. 15.

### TECH THEATRE NIGHT TO BE BEST EVER

#### Tickets Selling Fast --- Special Events Are Billed for Tech Men

Tickets for Elsie Janis, at the Colonial Friday evening have been selling fast. The members of the freshmen committee report an unusually heavy advance sale. The 1913 men are making great preparations for the evening and from all accounts this will be a lively crowd of students in the balcony.

The sophomores have the entire orchestra, and a big block has already been sold. Different groups of 1912 men are planning stunts for the evening and every indication points to the liveliest Tech Nigh on record. Certainly Technology will be represented by the largest delegation that ever turned out for a theatre night.

"The Fair Co-ed" opened last night at the Colonial, and the "standing-room-only" sign was hung out early at the box office. Miss Janis was given a rousing reception and is better than ever in her new role. She certainly seems to please Boston audiences.

Miss Janis and her chorus have been presenting a number of Tech songs. A number of snappy jokes and "extras" will be introduced of special interest to Tech men.

A few tickets are still left, and any late comers should get their seats from the Theatre Committee at once.

Tickets will be exchanged at the Union, Wednesday, Thursday, until Friday noon. Positively no tickets exchanged at the box office at the theatre.

### SOPHOMORE AUTOS

#### Two Large Buzz Wagons Hired to Carry Members to Field

If the class of 1912 does not make this year's Field Day the best in years, they will be most disappointed. The members of the various committees have not spared pains and time to do everything possible to this end. The latest plan is to run two sight-seeing autos for the members of 1912 exclusively.

H. W. Hall and J. H. Laenerts who have charge of the auto, report that the members are responsively enthusiastically. Already one auto is completely filled and the second is half filled. If anyone wishes to be one of the happy crowd, he should not delay in seeing one of these two men. The fare is only 60 cents.

All men who intend to make the trip are to meet at the Union at noon. The autos will take the men both to and from the Field. There are plans underway for a good time at one of the downtown cafe after the theatre, but they are not quite complete as yet.

The autos that have been engaged are the two best that can be secured. They are the only two covered ones that have been hired by Tech men. As they are electric cars, there is little danger of a break down. Furthermore, they are capable of going about 8 miles an hour, fully twice as fast as any of the other cars. All out for the sophomore joy ride.

The 1915 Boston Exposition was formally opened yesterday in the old Museum of Fine Arts on Copley Square. The Curtiss biplane, the Italian marionettes, and the models of Boston are ready, but a number of the exhibits are not yet completed.

### BIG DINNER PLANNED FOR FIELD DAY

#### Union Dining Committee Extends Cordial Invitation to Lady Friends

For next Friday noon the dining room committee of the Union have planned a special dinner. Instead of the regular lunch a superior dinner will be supplied for 30 cents. If the crowd becomes too great, lunch service will be resorted to.

The committee extend a cordial invitation to the men to bring their lady friends with them. There will be music rendered by a capable orchestra, presumably the M. I. T. orchestra. An enjoyable time is promised to all. A souvenir menu will be given out.

The committee will not spare pains to make the affair a memorable one. They have extended a couple of invitations to well known people. Probably, the evening's attraction will take advantage of the invitation.

It is desired that all the autos of the classes and societies will make their headquarters at the Union, instead of at Rogers as formerly.

Tickets for the dinner will be on sale by the members of the Union dining committee. They will be put on sale today and may also be obtained at the desk with the Field Day tickets. The primary object is to let the men know that the Union is capable of putting up a good meal at a reasonable price. It is hoped that men will take advantage of this offer.

### UNION COMMITTEE

#### Card Playing to be Confined to Small Dining Room

The house committee of the Union this year will consist of J. M. Fitzwater 1910, chairman; Elmer Jacobs 1910, Scott Kimball 1911, H. M. Davis 1911, R. O. Wood 1911, Denkinger 1913 and Hart 1913.

Each of these men, except J. M. Fitzwater, will have charge of the Union one day in the week, and is to enforce all rules of the Union.

It has been decided that card playing is to be allowed only in the small dining room, but if that room is in use for a dinner, then the large social room may be used.

The following list of periodicals which are on file in the Union has been posted: Literary Digest, Saturday Evening Post, Technical World, Collier's, Outlook, Century, Harper's Weekly, Scientific American, Harper's, Scribner's, World's Work, Review of Reviews, McClure's, Everybody's and Life.

### Sale of Colonial Theatre Tickets Ends Today

AT FOUR P. M.

1912 Theatre Committee.
