An Opportunity for a Few Investors
The 8 per cent 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION COMPANY

This company has the sales monopoly of an improved form of
commercial automobile, now in successful use by the U. S.
Government and leading business concerns. The stock is sold
in thousands of $250 units, and may be purchased at any time
in small amounts. It has no public market value, and is sold
wholly to the public. The average investor may purchase
$250 worth and thereby secure immediate participation in
the growing industry.

The certificates are readily marketable, and there is no
credit risk, since they are paid for by the issuing company
at the time of purchase. The certificates are.in being
sold at a premium, and their value is expected to increase
steadily in the future.

The company has a cash reserve of more than $1,000,000
and isitted up on a sound financial basis.
