THE TECH.

Published daily except Sunday during the college year by students of the Massachusetts Institute of Technology.

To the Editor of The Tech:

It happened one upon a time at an institution of learning that only a small minority of the students were interested in those things which concerned the welfare of the Alma Mater and of the student body.

This policy never worked, but was also not was the way to be expected. But was also no eat tickets sold to unusual site in the corridor when the seating capacity of the room was altered to let in to the gallery where they were standing awaiting their turn at the tables.

OLD COLONY TRUST COMPANY

Capital and Surplus, $7,500,000.00

Main Office, Court Street
Branch Office, Temple Place

SAFE DEPOSIT VAULTS AT BOTH OFFICES

An Opportunity for a Few Investors

The 8 per cent 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION COMPANY

This company has the sales monopoly of an improved form of commercial automobile, now in successful use in the S. U. Government, and advancing business concerns. $1,200,000 annuately collected by the sale of these certificates is to be used for the purpose only—buying machines at the factory to fill orders. When these machines are shipped C. O. D. to the purcahers. This has no credit risk, and the certificates are neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at notice.

Inators in this purchasing fund have the option of withdrawing of principal before maturity. A strong National Bank has agreed to act as Trustee of this fund and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only $25,000, each certificate being for $25. For the present, with each $25 certificate is given a share of 8 per cent preferred stock, par value $10; and with each $100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent, with the prospect of selling the preferred for nearly $30 a share which will pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed. If interested, apply to the nearest agent, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired; this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to:

The Wheel-Motor Traction Company

New England Distributing Plant
Alston District, Boston, Mass.

We are prepared to offer permanent positions to six capable college men, who can secure one thousand dollars to be invested in the above. These positions are either for January or for July 1st, and will pay $1,200 or more to start, with prospects limited only by ability.

Have you tried them?
