THE TECH.

Published daily except Sunday during the college year by students of the Massachusetts Institute of Technology.

CORRECTION

The Tech regrets that the signature of W. Fred Doke was misspelled in yesterday's.

COMMUNICATION

Nineteen thirteen won field day, and a glorious field day it was, but are the freshmen now on their haunches and let 1913 clean up everything else? Next spring there will be the annual freshman-sophomore cross country run and from the present indications it will be an absolute walk over for the fast 1912 team. Bethlehem Bobbe must be done during the fall, and at present there are almost no 1912 men and few cross country work. Wake up freshmen! There are plenty of distance runners in your class; all you need do is to come out and find who they are. The walk over the handicap course Sunday F. M. is an excellent time for new men to become acquainted with the system and meet the men who are now running. Come out 1913 and show your true worth.

C. E. ELDRED.

HANDBILLS AND BOUNDERS

There will be no handbills and bounders next Saturday. Instead all men will report at the field for the 1913 class meet.

On Saturday afternoon, Nov. 13, there will be a walk over the Handbills Course at West Roxbury, when Mr. F. H. Hunter 1901 will accompany the men and assist them within ground over which the race will be held. This will be an excellent chance for the men to become acquainted with the course before the race which will be held on Nov. 27.

The train leaves Back Bay at 2:30.

HORNET'S NEST

Dick was once when he came into the room. That was evident, and I waited for the excuse which I knew was coming. Sure enough, scaling his hat onto the bureau. That was evident, according to the amount of energy the man had put into the sale.
