FEW CANDIDATES REPORT

More Men Wanted By Tech Show For Assistant Business Managers

In answer to the call for candidates for Assistant Business Managers of the Tech Show 1911, only eight freshmen and seven sophomores have reported up to date. There are seventy more than fifteen men in the freshman and sophomore class who should be out for these positions. The work is not difficult and the business training is something everybody needs. Every student who is at all interested in the matter should make it his business to see Business Manager Wilson today and talk the matter over with him. Remember, the competition starts today. Start in the race on an equal footing with the rest of the competitors.

Manager Wilson will be in the Tech Show office Room 3B Union between the hours of 8.30 and 9 A.M. and from 1.30 to 2 P.M. to meet all men who are interested.

CURRENT EVENTS

Forty-seven Chinese youths arrived at San Francisco from the Orient Saturday. They are the first group of the Chinese Government. They will be followed next year by 153 students, and the entire 500 will return home when their courses are completed to give China the advantage of comparative training. The Chinese Government decided to send young men to get the United States when this Government remitted the indemnity claims of $60,000,000 growing out of the Boxer troubles in China. The whole sum, it is promised, will be devoted to educational work. Students will be sent from China after earning appointments by competitive examinations. Each student is to study five years in United States schools. The students are in charge of Tong Kwoh On of the Chinese Foreign Office, a graduate of the Yale class of 94. They will be presented to President Taft.

The proofs of the Gold Day pictures, which were reported to be 27 Regs. on cor. Everett St., are now at Lifeholders', 33 Wash. St. Several of these photographs may be found at the cage.

An unusually good set of pictures have been secured this year.

The Columbia Alumni News announces that Columbia University is to receive in all upward of $4,500,000 from the estate of the late John Stewart Kennedy. This is more than twice the amount that was willed to Columbia by direct bequest, which is $2,250,000. The News is the official organ of the Columbia Alumni Council. By the will, which was entered for probate last Friday evening, Columbia received in addition to amounts stated, $300,000 for Teachers' Colleges and Bernard College, which are part of the Columbia system. The News says: In addition to the special legacies of $2,250,000, Mr. Kennedy made further provision for a bequest to Columbia amounting to one-fifth of his residuary estate. His entire estate is valued at $60,000,000. If Mr. Kennedy made additional provision for a bequest to Columbia amounting to one-fifth of the residuary estate, the net amount will be $2,250,000. This, added to the amount given outright, will aggregate probably between $4,000,000 to $5,000,000.

THE TECH.

Published daily except Sunday during the college year by students of the Massachusetts Institute of Technology.

Entered as second class matter Sept. 29, 1909, at the post office at Boston, Mass. under the Act of Congress of March 3, 1879.

General Manager, R. H. Ranger 1911

News Board: D. P. Guilford 1911, Editor-in-Chief, A. L. Fairbanks 1911, Associate Editor, J. P. Lowery 1911, Business Manager, G. M. Keith 1911, Rockeagle Editor, J. Atchison 1911, Society Editor.

NOTICE

After the Union entertainment tonight, it would seem strange to anyone who has never lived in China, after the previous entertainments and other gatherings of the year, to find there has been no singing. Singing has been in the hands of the students. The best efforts of the students will be presented. If any one is present to whom the spirit of these evenings will be dear from that "sadder, but a wiser man" attitude with which the former part have left the previous Union entertainments.

NEW SYSTEM AT GYM.

Monday afternoon gym work will start in earnest. All men are expected to be on hand at 5 o'clock on the hour. The work will be carried on with the aid of Miss Ed. who has done considerable work of this kind furnishing the selections.

Mr. Seaburg, Mr. Kelly's assistant, is a very capable man for the position. He has taught gymnasium classes for 7 or 8 years and is thoroughly conversant with all phases of the work.

COURSE XIII SMOKER

Last evening's smoker was held in the Union by the Naval Architectural Society. Prof. Peabody was the speaker. This smoker is one of a series this society is going to give this winter.

Many of the new members from the sophomore class were present.

President Charles W. Eliot has started on a short trip to Pennsylvania, Virginia and Ohio, to deliver a number of addresses and to see the various cities in which he will stop, and to visit certain educational institutions in which he is interested.

With the first performance of the "Seacourt," by the Harvard Dramatic Club less than a month in the future, the club has announced the opening of the subscription for the poster to be used in advertising the play.

FOR ANOTHER ADVENTURE

The Tech announces that it will be in the running for another adventure, "Tasha.
