BOSTON, MASS., NOV. 12, 1909.

After the Union entertainment to-night, it would seem strange if there was no one so bold or so skilled that he dare play the piano. After the previous entertainments and other gatherings of the year, such however has been the case. Singing has this year been very little in evidence. Since the evening talk is of an informal nature, let us at its close enjoy an equally informal gathering about the piano.

The spirit of these evenings should be different from that "sadder, but a wiser man" attitude with which the greater part have left the previous Union entertainments.

NEW SYSTEM AT GYM.

Monday afternoon gym work will start in earnest. All men are expected to be on floor at proper time.

The work will be carried on with the aid of a piano. Miss Eid, who has done considerable work of this kind furnishing the selections.

Mr. McNamara, Mr. Kanaly's assistant, is a very capable man for the position. He has taught gymnasium classes for 7 or 8 years and is thoroughly conversant with all phases of the work.

COURSE XIII SMOKER

Last evening's smoker was held in the Union by the Naval Architectural Society. Prof. Peabody was the speaker. This smoker is one of a series this society is going to give this winter.

Many of the new members from the sophomore class were present.

President Charles W. Eliot has started on a short trip to Pennsylvania, Virginia and Ohio, to deliver a number of addresses and lectures in the various cities in which he will stop, and to visit certain educational institutions in which he is interested.

With the first performance of the "Scarecrow," by the Harvard Dramatic Club less than a month in the future, the club has announced the opening of a competition for the poster to be used in advertising the play.

FEW CANDIDATES REPORT

More Men Wanted By Tech Show For Assistant Business Managers

In answer to the call for candidates for Assistant Business Managers of the Tech Show 1911, only eight freshmen and seven sophomores have reported up to date. There are surely more than fifteen men in the freshman and sophomore class who should be out for these positions. The work is not difficult and the business training is something everybody needs. Every student who is at all interested in the matter should make it his business to see Business Manager Wilson today and talk the matter over with him. Remember the competition starts today. Start in the race on an equal footing with the rest of the competitors.

Manager Wilson will be in the Tech Show office Room "B" Union between the hours of 8.30 and 9 A. M. and from 1.30 to 2 P. M. to meet all men who are interested.

CURRENT EVENTS

Forty-seven Chinese youths arrived at San Francisco from the Orient Saturday on the steamer China to enter various colleges in this country for technical education at the expense of the Chinese Government. They will be followed next year by 153 students, and the entire 200 will return home when their courses are completed to give China the advantage of their American training. The Chinese Government decided to educate many of its young men in the United States when this Government remitted the indemnity claims of \$10,000,000 growing out of the Boxer trouble in China. The whole sum, it is promised, will be devoted to educational work. Students will be sent from China after earning appointments by competitive examinations. Each student is to study five years in American schools. The students are in charge of Tong Kwoh On of the Chinese Foreign Office, a graduate of the Yale class of '84. They will be presented to President Taft.

The proofs of the field day pictures, which were reported to be in 37 Rogers, are now at Litchfield's, 823 Washington St. Several of these photographs may be found at the cage.

An unusually good set of pictures have been secured this year.

The Columbia Alumni News announces that Columbia University is to receive in all upward of \$4,500,000 from the estate of the late John Stewart Kennedy. This is more than twice the amount that was willed to Columbia by direct bequest, which was \$2,250,000. The News is the official organ of the Columbia Alumni Council. By the will, which was entered for probate last Friday evening, Columbia received in addition to amounts stated, \$50,000 each for Teachers' College and Barnard College, which are part of the Columbia system. The News says: In addition to the specified gift of \$2,250,000, Mr. Kennedy made further provision for a bequest to Columbia amounting to one-fifth of his residuary estate. His entire estate is valued at \$60,000,000, and it is estimated conservatively that one-fifth of the residuary estate will net the university probably \$2,500,2000. This, added to the amount given outright, will aggregate probably four and a half-millions, or possibly five millions.
