[Continued from page 1.]

should place the team in first place easily.

Technology has a chance for second place, but it will only be won by a hard fight. Watkinson, the great mainstay of the institute team should place well, but it is not safe to count too sure on any of the men. Benson, Jacobs and Mills are all good men and should place well. Technology's all round athletes, P. D. White is also looked to for a low figure.

Capt. Hasker's Yale has a fine squad of men and though there is much new material they are sure of giving Technology a great battle.

Pennsylvania, has some good men among these the great Paul and Boryner. Boryner has done 37.10 over a distance 0.12 mile course, and will probably place very low. Penn. easily defeated Haverford in their dual meet.

Syracuse won the dual meet with Ogesta by a score of 26-28, over a seven mile course in 54 min. 9.6 sec., which they are expected to fight. It is not for second place with the other leaders.

Harvard made such a poor showing with both Tech and Yale that they are considered out of the running. Meetings between the teams at first for if Princeton and Michigan will make any showing.

Seven men will be picked from the entry list of each college by the captains and the numbers will be given to the men to wear on the field.

The following is the entry list with the numbers that will be given to the men from the different colleges:

They are fine in flavor and smooth. The most perfect blend you ever smoke.
