

PRES. LUCIUS TUTTLE

Speaker On Union Night Is Well Known As Railroad Authority

Lucius Tuttle, president of the Boston and Maine Railroad,—Such was the information given out by the Friday night entertainment committee when asked who the speaker was for December 10th.

Mr. Tuttle, who is a member of the Institute Corporation, has been in railroad service since he was nineteen years old and rose from the ranks so rapidly that before he was fifty, he was made president of the B. & M. R. R.

The subject of his talk, Mr. Tuttle decided not to give out, as he wants to have plenty of range, so that he may speak about the many different things of interest to each men.

A large attendance is expected since Mr. Tuttle is so well known by the Institute students.

MECHANICAL SOCIETY

Excursion This Afternoon To Stanley Motor Car Works

The second excursion of the mechanical engineering society will be taken to-day at 2 o'clock to the Stanley Motor Car Works in Newton. It is claimed that this company manufactures one of the best steam runabouts in the country.

An exceptional opportunity to see the methods employed in the manufacture of automobiles is offered on this trip. All the steps in the manufacture of all the parts, to the assembly of the same, will be shown to the visitors. To see the construction of these machines from the raw material to the finished car, should prove of interest to all those connected with the society and those who intend to join.

For the benefit of those who cannot go to-day, another trip will be taken on Friday. For members the charge is ten cents, for non-members thirty five cents. All those who are going should be at Room 14, Engineering B, at two o'clock.

The Edwin Booth Dramatic Club at the University of Wisconsin will present Bernard Shaw's play, "You Never Can Tell," on December 11.
