PRES. LUCIUS TUTTLE
SPEAKS AT UNION TONIGHT
Is Well Known as Eminent Railroad Authority—Topic Not Posted

Lucius Tuttle, president of the Boston and Maine Railroad, will speak at the Union tonight. Mr. Tuttle is a self-made man, having entered the railway service when he was nineteen years old, and rose from the ranks to a position that before he was made president of the B. & M. R. R. He is also a member of the Institute Corporation.

The subject of his talk, Mr. Tuttle decided not to give out, as he wants to have plenty of room to say what he may say about the many different things of interest to Tech men. Apparently the subject is a secret since Mr. Tuttle is as well known by the Institute students.

1911 CLASS DINNER

Tonight at the Union the class of 1911, will hold its annual dinner. One of the most interesting features of the occasion will be the announcement of the result of the Prom Committee election. The dinner will be called at 6:30 P. M., sharp. After the dinner, which the stewards has promised to make a winner, some of the prominent members of the faculty will speak.

SOPHOMORES ON THE TECH

A keen-eyed reporter of The Tech notes a tear of a few sophomore class rooms yesterday and tried to get a few opinions on the daily paper. From a number of sources obtained with considerable pleasure that the report was jumped over without comment and a number of copy, of all colors ranging from a deep blue to a bluish black.

The first man questioned was P. L. Flaherty, who ascends the Tech daily and enjoyed the Morris's Neat and the college papers. G. C. Jefferson, a sophomore, who is the Tech at all right, Good names and college news.

A. S. Haskell modified his first statement by stating that "all right except the time the lunch has to put it on. The Tech is a very good, but it is a much better than last (Continued on page 2.)

To the Members of the Corporation—
I have the honor to present to you today a report upon the work of the Institute during the preceding year and the condition of the Institute at the present time, the result of which must be dealt with in the future.

Changes in the Corporation and Within the Institute

The Corporation has suffered the loss of two of its life members through the death of Mr. Frank Bevan and Mr. George Elwell. These gentle men have been so frequent and so often in attendance that it is impossible to imagine the Institute being conducted without them. Their absence has been deeply felt by the Institute.

The election of Professor Thomas C. Chamberlain as a member of the Board of Visitors is a source of great satisfaction to the Institute.

The result of the Prom Committee election will be announced at the dinner which closed yesterday. The dinner will be held in the Union on the evening of the 4th of June, at 6:30 P. M., sharp. The dinner will be called at 6:30 P. M., sharp. After the dinner, which the stewards has promised to make a winner, some of the prominent members of the faculty will speak.

Tickets may be obtained during the day and on the evening of the following new: G. R. Tolhurst, L. G. Fitchsimer, S. P. Kinslaft, R. C. Capen點, A. N. Nash, A. O. Grunen, W. C. Sullivan.

MONSTER CONVOCATION TO BE OPENED AT TECH

American Assoc. for the Advancement of Science To Have Notable Week

Twenty-seven different societies and associations affiliated with the American Association for the Advancement of Science have scheduled their session which will be held in Huntsville Hall at 9:45 on Monday, December 14th, address of the meeting: President Macaulay of the Institute and Dean Salmon of Harvard University.

Addresses by retiring Vice-Presidents, who will be members of the Board of Visitors; President Keyser on the six of Modern Linguistics; Professor Summer on Social and Economic Science; Vice-President Beams on the Modification of Life; Vice-President Beams on the Study of Chemical Solutions; Retiring Vice-President Keyser on "The Profession of Engineering and its relation to the American Associations for the Advancement of Science"; Vice-President Dewey on Science as a Method of Total Education; Vice-President Kahler on "The Study of Medicine"; Vice-President Kabler on "The Study of Science to the People for the Advancement of Science".

2013 BASKET BALL

The first game of the freshman Basso Ball team took place at the Whitcomb Union, N. Y., on the 2nd February, 1911. The Techmen have a strong enough squad to compete against any school in the State. The freshman team will be made up of former high school stars.
