Mass., under the Act of Congress of
G. M. Keith 1912... Exch.

Electricity.

Indeed such as electricity has come to play an extensive part in modern engineering is necessary that
there is not only the theory, but also the results of experiments conducted in the

Professor Charles E. Fuller.

The Department of Mechanical Engineering is presented in this issue in many articles, one of the

MECHANICAL ENGINEERING.

Continued from page 11.

A very small number of graduates in various branches of engineering work, are introduced, thus

Drill hour, on Mondays and Fridays, from 12:05 to 12:50, in the Mechanical Arts.

The Technology Trio rendered a selection from Faust and also a "Hungarian Dance" for an encore.

BOSTON, MASS., DECEMBER 18, 1909.
