

CURRENT EVENTS

William James Sidis, the eleven-year old Harvard student, delivered a lecture Wednesday before the Harvard Mathematical Society. For an hour and a half he ably discussed the difficult and complex subject of "Fourth Dimensional Bodies," treating the subject in a masterful manner which quite astounded the professors present. Young Sidis spent a year at Tufts College, entering Harvard last fall with the intention of specializing in mathematics. He speaks five languages, and is an intellectual prodigy in all of the varied studies he has undertaken. At one time he passed the entrance examinations for the Massachusetts Institute of Technology.

The Arctic Club of America, founded by Dr. Frederic A. Cook, and his strong supporter in the North Pole controversy, through its board of directors, has dropped the name of the explorer from the rolls of the club. This action of the Arctic Club directors was unanimous.

GENERAL NOTICES.

FIRST YEAR.

Entrance Condition Examinations.
First-year students are expected to take at the end of the present term all entrance examinations in which they have not already clear records, with the following exceptions:

1. Students having conditions in entrance History and entrance Physics. No examination will be held in entrance History and entrance Physics at the semi-annual examination period.

2. Special students taking no work dependent on entrance subjects in which they have not clear records. Such students, if they desire to become regular, may take remaining examinations in June or September.

3. Students who are now making up entrance French and German by taking the elementary courses, although they are privileged to take these examinations.

4. Students entitled to excuse from particular entrance conditions on the basis of good term work. This applies to conditions in entrance Algebra, English, French, German, and Plane Geometry and students will be notified if excuse can be given.
