1911 TAKES FIRST PLACE

IN RECORD BREAKING MEET

Senior Come Second—Many Records Lowered—Salisbury Does Best Work

To the Class of 1911 go the honors of victory. In the annual indoor meet last held in the gymnasium, the Junior Class proved themselves superior to all the other classes now in the Institute, and ran up a score in points the equal of which has never before been obtained. The point totals were: 1911—1912; 1910—1912; 1911—1912; and 1913—12.

The meet was a very notable one. As is the custom of seats were assigned in advance. Some of the usual events, such as the 100-yard dash and the broad jump, turned out unusually exciting events, as was also the 440-yard dash race. In the latter, a new record of 5 ft. 8 in. was established. Other records for indoor track were broken. The hurdlers, which were broken, were the 440-yard dash, the 880-yard run, and the mile. The best work done by any single man was that of W. G. Salisbury, who captured first place in the 33-yard dash against the largest field that has ever run in that event. He also ran first in the quarter mile and took second place in the half mile. This was by far the most exciting event of the meet. Salisbury ran a very good race for the mile race and had established a world record in the mile race. He ran a mile in 4 min. 24.8 sec. Salisbury, Trull, Cairns, and Reed. The other men who finished second, third, and fourth, respectively, were Mills, Eldred, and Allen. Beman ran a good steady race and finished third last time around.

The pole vault was the last event of the evening and as every one expected, it went to Allen. To other men, Salisbury and Eldred. Benson ran a good steady race and finished 11th last time around.
