**F. A. MOORE RESIGNS**

(Continued from page 1.)  
Art Museum. The first five books will as usual be given away free.

They will be edition de luxe style, and it is expected that competition in the struggle will be keener than ever. The first twenty books will be signed by the President of the Institute and will be numbered on the cover with numerals sufficiently large enough to be seen. Over half the book has been sent to the printer and the remainder will be set up about March 15th.

Much of the art work has been finished, and some very clever drawings have been received. It is probable that some of these will be exhibited in the Technique case in Rogers corridor from time to time. Some excellent cartoons have been received for the Grind department, and many good hits are in store for the men about the Institute.

The Board refused to ratify the suggestion of the Institute Commssee relative to the appointing of an advisory committee, but gave the Institute Committee power to enforce the point system in so far as Technique was concerned.

From Seattle comes the news that the students at the University of Washington are to be organized into an efficient fire brigade. A chemical engine will be given into their charge, and ample protection will thus be afforded the university buildings at all hours of the day and night.
