PRICE ONE CENT

THAT UNION DEFICIT GETS ANOTHER JOLT

Record Attendance Last Week
Beaux Arts Competitors Eat At Work

The report for the week ending March 7 has been the most satisfactory yet and shows the largest attendance this year. Last Monday was the biggest day, attendance at luncheon being 400, and 64 were served at dinner Friday night. Wednesday night an excellent dinner was served to members of the Christian Association and also to the English High School Club. In future a table will be reserved for the English High School Club every Thursday noon.

COURSES V AND X MEN BUSY ON THESIS WORK

Twentv Course X And Ten Course V Men To Graduate At End Of Term

The candidates for the degree of B. S., in Courses V and X have all chosen the titles of their theses and are now at work on them. This year twenty men in Course X are eligible for the degree of B. S.; this is the largest number in the history of the Course. Below is a compilation of the titles and full particulars of the courses of previous years:

1905 Graduates of Course X, 23
1906 Graduates of Course X, 19
1907 Graduates of Course X, 11
1908 Graduates of Course X, 10
1909 Graduates of Course X, 9
1910 Candidates for graduation, 11

There are ten candidates for graduation in Course V this year, including one woman.

COMPETING WITH PREVIOUS YEARS IN THIS

1903 Graduates of Course V, 6
1904 Graduates of Course V, 11
1905 Graduates of Course V, 11

The complete list of names for the several offices of the Mechanical Engineering Society have been released as follows:

New Aerial System Near Completion—Kemp Resigns On Account Of Points

At the meeting of the Wireless Society, held yesterday afternoon at 4 P. M. in Room 11 Eng B, the recent rulings of the Institute Committee were taken up and discussed. It was decided that the society should not accept the rulings of the committee. The following resolutions were drawn up and accepted:

1st—That the Wireless Society should not accept the measures submitted to it for action by the Institute Committee on the following grounds:

2nd—That the Wireless Society has no representative on said committee.

3rd—That the Wireless Society is an organization for scientific research and experimentation in the science of radiotelegraphy and telephony.

4th—That the Wireless Society does not desire to relinquish its right to self-control and submit to such measures when the same are of a purely mechanical nature.

Be it resolved, That the Wireless Society support itself in its complete autonomy and control of its own operations and workings of such a society.

An Alluring "Date Downtown"
Proves Disappointing

He put on his glasses, took his "Steam" from the book-rack, and set it in the closet, put on his glasses, took it in the closet, put in the closet, got two letters from a fellow student wishing to have his shoes shined will be tenderly cared for by our colored friend, Arthur Campbell, for a price of $10.00.

"Stung"

"Going ?" he asked, sleepily.

1st—That the Wireless Society shall be held at the Boston City Club, 9 Beacon Street, at 6:30 p.m. on the following Tuesday evening.

2nd—That the successful manager of both the Infant and Theological Departments be appointed for the present position.

3rd—That the Wireless Society has no representative on said committee.

4th—That the Wireless Society is an organization for scientific research and experimentation in the science of radiotelegraphy and telephony.

5th—That the Wireless Society does not desire to relinquish its right to self-control and submit to such measures when the same are of a purely mechanical nature.

Be it resolved, That the Wireless Society support itself in its complete autonomy and control of its own operations and workings of such a society.
