GENERAL NEWS

TELEGRAPH NEWS OF THE MORNING.

WEATHER REPORT.
Washington, D. C., March 8.—Fair and cooler. Moderate westerly winds.

Boston, March 8.—A petition for the parole of C. F. King, the former Boston financial agent, now serving a 10-year sentence, for grand larceny, in the Charlestown prison, is being prepared by L. J. Raymond to be presented to the judge and his council.

New York, March 8.—Henry H. Hughes, who says he represents a majority of the Democrats of Missouri, visited Mayor Gwynne at the City Hall and in widows to the principal guest at the Jefferson Day banquet to be held in Springfield, Mo., on April 13. The invitation extended by Mr. Hughes, who is chairman of the dinner committee, carries with it a letter of introduction for Mayor Gwynne to become a candidate for the Democratic nomination for Governor in 1912.

South Bethel, Vt., March 8.—The Bethel Stove Company declares that a large number of men who did not go to work yesterday because of striking violence, returned to the plant yesterday and that more men were at work yesterday than on Saturday.

Portland, Me., March 8.—Catching flue from some unknown cause shortly before the hour the hotel torches, New York yesterday, the smasher of Manhattan, owned by the Maine Steamship Company, was destroyed. The loss was placed at $2,000,000.

Boston, Mass., March 8.—The American Society of Heating and Ventilating Engineers, a national organization to promote the science of heating and ventilating buildings, has recently appointed a committee of publicity, made up of one member in each State to work for the improvement of the public health and happiness by spreading the gospel of ventilation.

Boston, Mass., March 8.—Two eight-oared shells and one eight-oared barge were shipped to Yale yesterday by W. H. Davy & Son, Cambridge boat builder.

New York, March 8.—Gilbert Planchon, who last week was the principal witness before the congressional committee on investigating charges involving the Secretary of the Interior, addressed 2500 persons Sunday morning at Carnegie Hall or the general subject of "Conservation of Our National Resources," the deposed forester said, was a moral problem and one in which every person in the country should be interested vitally.

WASHINGTON, D. C.
Washington, March 8.—Most prices have advanced in all the principal producing and consuming sections of the world, according to compilations just made by the Bureau of Statistics of the Department of Commerce and Labor.

Washington, March 8.—It was only by the personal appeal of President Taft to the Republican members of the House committees interested in foreign commerce that the commerce court provision was retained in the Townsend administration bill amending the interstate commerce acts.

FOREIGN
Monte Carlo, Monaco, March 8.—Half of the subjects of this principality marched to the palace yesterday, and waiting upon the Prince of Monaco, demanded a constitution, declaring that Monaco was the only absolute monarchy remaining on the face of the globe.

The prince received a deputation from the crowd and promised to consider its wishes.

Lisbon, March 8.—Two bombs were hurled into a room where a party of clerical candidates were dining today.

The explosions killed two of the diners and wounded seven others, including the priest who was presiding.

London, March 8.—Premier Asquith announced to the House of Commons yesterday that the resolutions concerning the Union of States, which are to be submitted by the government on March 30, would include a proposal for shortening the duration of Parliament. It is presumed that the recommendation will be for Parliamentary terms of five years instead of seven years, as at present.

Halifax, March 8.—Prof. Herrigel lectured on the projected Zeppelin airship expedition to the North Pole. He said that the distance to be covered from Spitbergern was 1975 miles, and that he intended to travel in a west-north-west direction. After exploring the unknown regions they expected to anchor behind Greenland. They would remain in wireless communication with the starting point.

A reserve airship, Prof. Herrigel is said to be ready at Spitbergern.

Naples, March 8.—Vesuvius has suddenly become active again. There has been a continuous eruption for the past two days of red-hot stones and ashes, and from which gas and lava are emerging in great quantities.

For the final account.

The News of the College.
Members of the faculty of the University of Minnesota have pledged $100,000 with which to build an apartment building to house the upper classmen in the indoor track and field records, they were won an athletic victory at Annapolis. But this year the youngsters have marched to the palace yesterday, and
