

**FROM MRS. ROGERS**

117 Marlborough Street,  
March 5th, 1910.

My dear Mr. Goodwin:

Will you give my sincere thanks to the undergraduates of the Institute of Technology for the beautiful roses they sent me with their kind wishes for my happiness which is greatly promoted by their regard.

Yours most sincerely,  
EMMA ROGERS.

The Yale University orchestra has arranged for two concerts: March 18, The Yale Club, New York City; April 15, Casino, Stamford.

**EXCHANGES.**

In the State of Illinois only three students have been successful this year in passing the Rhodes Scholarship examination.

Prof. Lightner Witmer of the department of psychology at the University of Pennsylvania has, according to all accounts, invented the phycmograph, an apparatus designed to make two people of different sex fall in love. The professor, in an interview with a Pennsylvanian reporter, confirmed the accounts.

The domestic science department at Washington University will hereafter supply means for vegetarian meals for use in dormitories.

Considerable progress has been made on the "Pennsylvania I," the new machine of the Aero Club. A first-class engine has been secured which will be presented to the members, to be paid for when convenient. It is practically assured that during the summer in Philadelphia under the auspices of the Aero Club of the State of Pennsylvania, one day will be set aside for an intercollegiate meet. This machine will represent the University on that occasion.
