Class house ball is going on nicely. 1910's proved that they have keen interest in the game. Capt. "Joe" Taylor is keeping the battery candidates hard at work.

The 1912-1913 dual meet and cross-
country race fell on the same day at the same place. Said place will re-
semble Field day—yes, no?

and his system has been found to be
impressively practical. All young men
entering the Lynn plant are required to
have from one to two years' training in
the various departments of that factory
and the training which they there re-
ceive enables them to take positions
with the General Electric Company or
with other similar concerns as skilled
artisans in that branch of the com-
pany's business to which they have been
appointed.

Mr. Alexander will describe the ap-
proach system in full, and his lecture
will be extremely interesting. A full
attendance of members of the Tech-
ology Society of Mechanical Engineers
is desired.
