COLUMBIA RELAY CARNIVAL

Technology, Brown, Wesleyan and Georgetown are entered in the same relay line at the relay carnival of Columbia University which is held at the Madison Square Garden next month. The institute team, consisting of Capt. W. C. Salibury, H. V. Coryell, L. O. Mills, and H. Lockett, will probably carry off first place. The team is one of the first-class relay teams ever at the Institute. Capt. Salisbury is the fastest man in the team and is moreover the best quarter-miler at the Technology. P. W. Dalrymple, Tech's star high jumper, will accompany the men, being entered in his specialty. He should place at the carnival tonight.

This meet is the tenth semester relay carnival of Columbia, and it will be the biggest collegiate relay carnival of the year. There will be, in addition to the college relays, many open relays and events. Harvard is entered in the relay with Yale, Cornell and University of Pennsylvania.

In the college events there will be one and two-mile relays in the championship class and in the secondary class. For the first class, cups have been donated for both the one and two-mile relays, to become the property of the college winning them three times. Most of the Eastern colleges have entered teams in the carnival, and many Western institutions are also entered. There will be a good field in the open two-mile and the sixty-yard dash should also be crowded with good men, as many college stars will be entered. The high jump is the only held event.

CHESS CLUB PLANS

A meeting of the chess club was held yesterday to discuss plans for the remainder of the year. The new resolutions proposed by the Institute Committee were endorsed after some discussion. After talking over plans for a spring tournament, it was finally decided to re-arrange the present system of matches between teams chosen from the members of the club. These will probably be played on Friday afternoon in the Union. It was reported by the secretary that a match was being arranged with Harvard to take place in the near future.

NOTICES

Mr. Jos. H. O'Brien of New York City will give illustrated talk on N. Y. Pennsylvania Stations.

1910.

Only those who have paid their dues in full by March 15, 1910, will have their names on the Senior Class Day Committee Ballot. Dues may be paid to E. Stuart, L. O. French, R. F. Goodwin, R. T. Potter, D. Clapp or W. Yereance.

The treasurer will be in the Union from 3 to 5 P.M. daily.
