The faculty at Leland Stanford University has decided to permit the hazing of freshmen for disciplinary purposes.

The dean of Chicago University says that men who work their way through college have averaged the best scholarship.

175 out of the 836 freshmen entering the literary and engineering departments of the University of Michigan, were users of tobacco.

Beginning next term and extending for a period of ten years, Harvard University will accept three students each year as exchange students from Scandinavian universities. The men thus chosen must pass suitable examinations and be recommended by the American-Scandinavian Society. This arrangement has been made possible largely through the efforts of President Butler of Columbia University, who is also president of the American-Scandinavian Society.

A student court consisting of six seniors and three juniors has been chosen at Wisconsin by the student conference committee. Any student can bring a complaint directly to the court, and any member of the faculty can bring a complaint, provided it is approved by the dean of the department in which the offending student is registered.
