

# It won't leak

What would it be worth to you to own a Fountain Pen that you could carry around in your pocket or bag in any position with the positive assurance that it wouldn't leak?

**MOORE'S NON-LEAKABLE FOUNTAIN PEN**  
 In Moore's Non-Leakable there is no way in which the ink can possibly leak out. This pen is always ready for instant use, and the moment it touches the paper, writes, without any preliminary shaking whatever. Furthermore, it will carry all grades of inks, including Copying and India inks.

There are many different kinds of Fountain Pens on the market, but there is only one that is absolutely satisfactory, and that is Moore's Non-Leakable.

Boston, March 17.—Mayor Fitzgerald and William S. McNary argued before the committee on Metropolitan affairs yesterday in favor of a tunnel from Park street, under Summer and Dewey square, to Dorchester.

Washington, March 17.—Tariff negotiations with France are proceeding almost continuously and the fact that some progress has been made leads the State Department officials to believe that a settlement ultimately will be reached. The opinion was expressed today that probably by the end of the present week the President might be in a position to issue his proclamation granting France the minimum rate of the Payne-Aldrich act.
