WIRELESS SOCIETY

College wireless associations of which the M. I. T. Wireless Society at the Institute was the pioneer, are now being established throughout the country in all the larger institutions of learning. The interest and the scope of the work is well brought out by the organizing of the International Wireless Association, in which the University of Pennsylvania has taken the initiative. The following letter was received yesterday by E. B. Moore 1912, President of the M. I. T. Wireless Society:—
WIRELESS CLUB
UNIVERSITY OF PENNSYLVANIA
Philadelphia, March 11, 1910.
President M. I. T. Wireless Society,
Dear Sir:—That wireless telegraphy has become a part of the student organization is self-evident; that it will lead to a closer feeling between the various universities is a certain outcome.

Therefore, for the better organization of college men in the interest of wave telegraphy the "Wireless Club of the University of Pennsylvania" has taken the initiative. We request that you send two representatives to Houston Hall, 34th and Spruce Streets, to a meeting, beginning at 2 o'clock on April 9th for the purpose of organizing an Intercollegiate Wireless Association. Awaiting a favorable reply,
Respectfully,
JULIAN S. SIMSOHN,
President.

A meeting of the M. I. T. Wireless Society will be held Monday at 4.00 P. M. in 11 Eng. B to discuss sending two representatives to this convention.

HARE AND HOUND RUN.
(Continued from page 1.)

Institute men this year. It is expected that there will be even more men come out as the season progresses, but the men will enjoy the runs better if they get out now and take in all the runs from the very start, than they would if they waited until later. The train leaves the Back Bay station at 2.15 for Needham.

A SAMPLE PAIR TO INTRODUCE, ONLY

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 (cash with order \$4.55).

NO MORE TROUBLE FROM PUNCTURES

NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at **OUR** expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

IF YOU NEED TIRES Hedgethorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle unless you have first tried our tires. It only costs a postal to learn everything. Write it **NOW.**

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.
