Scholarships.

March 31, 1910.

Each applicant for a scholarship (except a State Scholarship) for the coming year should hand in his application blank at the Registrar's Office, and leave his space before April 4th on a special card enclosed in an envelope, in Professor Dewey's box in the Registrar's Office. (Blank and cards may be obtained at the Registrar's Office.) Applications dated after January 1st need not be considered, but the applicant should notify Professor Dewey in writing if he desires to apply for a scholarship grant for next year.

With the name state the class, course and all free hours for consideration. Each applicant will be notified through the "Cage" in regard to date selected for consultation. Students applying after this date should inquire at the "Cage" for further particulars.

STATE SCHOLARSHIPS.—Applications should be made to the Secretary of the State Board of Education on blanks to be furnished at the State House.

While the State Board of Education has full control of the award of the State scholarships, it is customary to submit all applications to the Faculty for endorsement as to standing, and for such advice as other data in the possession of the Faculty may favor. For this reason, while the Scholarship Committee has no authority to request conference or further information from applicants for State scholarships, it will always be glad to receive and consider all information that may be furnished. In case of such applications, students intending to apply for State scholarships are requested to notify the Registrar to that effect.

WALTER HUMPHREYS, Registrar.

March 31, 1910.
