FIRST YEAR.

The gymnasium exercises in Physical
Training will close this term on Thurs-
day, April 14th. All deficiencies must
be made up within the next three
weeks.

During the last week of exercises as-
signments will be made by Mr. Kanaly
for physical measurements to be plotted
on the charts.

Award of Cabot Medals, based on
these reports, will be made by the Com-
mittee before the end of the term.

ALFRED E. BURTON,
Chairman Faculty Committee
on Physical Training.

1913.

All men who expect to try for fresh-
man outdoor track, report from now on
at Tech Field for practice.

Halley's comet is approaching the
earth at a rapid rate of speed and is
now in a position to be again seen by
the naked eye, just before sunrise. The
comet can be easily seen at shortly be-
fore 5.38 A. M. A better view of the
comet may be had by using a small
spyglass or strong opera glasses.

Yachtsmen of the United Kingdom
have evinced keen interest in the propo-
sition advanced by the Atlantic Yacht
Club of New York City for an interna-
tional yacht race across the Atlantic
next year. It has been contended by
some English experts that the dangers
are almost prohibitory. Others have
held that such a race would probably
result in the bringing out of an espe-
cially constructed sailing craft which by
its very peculiar features of construc-
tion would have the advantage from
the crack of the starting cannon.

A school for aeronauts—where airship
captains, and deep air mariners may be
trained in all the tricks of sailing the
blue before and against the wind is now
in the process of construction on the
border of the Plum Island marshes, off
Newburyport by H. Starling Burgess.

Some 10,00 farmers, it is estimated,
have listened during the past four days
to the advanced ideas in farming
brought to them by the agricultural ex-
perts on the Boston & Albany "Farmers'
Special" that has been touring Massa-
chusetts.
