The writer of the communication signed in S. F. in Thursday's Tech made one mistake that ought not pass without mention. We can overlook his statement that Mr. E. H. Draper, Henry L. Higgins, and Spinoza wear their hats in their clubs; we can pass by the implication that members of the University and Tennis & Racquet Clubs habitually sit on the ceiling. But we cannot forgive him for taking up more than was necessary of The Tech's valuable reading space by inserting an extra letter N in his initials.

Berkeley, April 8.—During the convention of the Palaeontological Society at the University of California several papers were read on excavations of Cali- fornia caves, showing that human bones have been discovered in several of them.

Boston, April 8.—Mayo Fitzgerald yesterday directed the Boston Park Com- mission to close its park system to au- tomobiles until such time as some ar- rangement is made whereby the sum collected by the State in fees for auto licenses is divided up so that the park commissioners will get a portion to pay for the expenses of its roadsides.

Portland, Me., April 8.—A hundred guests were driven from their rooms in scanty attire at the Columbia Hotel on Congress street early today by a fire which started with an explosion of elec- tric fuses in the basement and filled the six floors of the hotel with dense smoke.

New York, April 8.—William Wright, who is in New York on business, thinks that within two years a law may follow the excitement and that there will be more hard work ahead for the inventors. “The cream is being skimmed by those who are in the exhibition business and are doing nothing to broaden the art,” he said, “while the hard work of per- fecting the machine to a practical point will fall upon the shoulders of those interested in the science.”

FOR THE THIRD TIME THE JOINT MEETING OF THE INSTITUTE COMMITTEE AND REPRESENTATIVES OF THE VARIOUS ACTIVITIES HAD TO BE POSTPONED YESTERDAY AFTERNOON, OWING TO THE FACT THAT SO FEW MEN SHOWED UP. THE FOLLOWING WERE PRESENT: INSTITUTE COMMITTEE—B. REYNOLDS, E. F. GOODWIN, W. L. HOLT, R. D. PECK; NAVAL ARCH. SOCIETY, G. A. ROSS, S. C. A.; RALPH A. ROWE; BASKET BALL, A. T. BENNET; GLOVE OF 1912, G. S. CARPENTER. Owing to the decided lack of interest shown in the proposed finance commis- sion, the idea was expressed by some of those present that the matter should be dropped entirely.
