March 3, 1879. Entered as second-class matter, under the Act of Congress of 29, 1909, at Boston, Mass., for delivery as near the post office as possible.

The article in question also states that sixty-five dues cases ordered were finally stolen by students. This is a grave offense, and any of the offenders that are found out should be dealt with summarily.

Radical measures are not always the best policy in dealing with affairs of nature, but when nearly three hundred members of this magazine have signed a pledge, it is certainly time for the introduction of radical measures.

GENERAL NEWS

TELEGRAPH NEWS OF THE MORNING.

WEATHER REPORT.

Forecast for Boston and Vicinity—Today clear, fair; coolest to southerly winds.

Boston, April 27—Harvard, Tufts and Massachusetts Institute of Technology Aero Clubs will all be represented at the big convention of college aviation societies to be held in Philadelphia Friday and Saturday of this week. Many matters relating to aviation will be discussed and there will be addresses by some of the most eminent authorities in this country upon various phases of aerial navigation.

Waverly, April 27—The great arch which formed the entrance to the old Union station trimmed and which has stood for 23 years as a monument of engineering skill, was pulled over yesterday afternoon, in the presence of more than 2,000 spectators, and fell with a crash. With the fall of this arch the last vestige of the old trimmed has disappeared, and also one of the wonders of Worcester architecture. Measuring 120 feet across, with room for eight tracks, and 37 feet high at the archway the arch was said to be the largest span of masonry in the world. It was composed of 72 great cut stones weighing ten and a half tons each and held in place by a master stone twice the size of those forming the arch.

Glocester, April 27—The earth rumble and Gloucester quaked last night, as a fluming socalcator as huge as a barrel passed over the city less than a quarter of a mile above the bank of the river. The crimson rumble of the heavens appeared out of the northwestern sky from eight o'clock. As it was travel ling east, it is presumed it passed out to sea.

Boston, April 27—The B. A. A. is to have a new boathouse. It will be on the Charles river basin, between Phinney and Mt. Vernon Sts.

The site has been chosen with the approval of the park commission. The new boathouse is to be of stone and will cost about $20,000. Bonds have been issued to raise the money and there is no doubt but that it will be completed quickly.

The site of the new boathouse is now in final stage of construction. The new boathouse is to be of stone and will cost about $20,000. Bonds have been issued to raise the money and there is no doubt but that it will be completed quickly.
