DOUBLE HEADER FOR CIVIL ENG. SOCIETY

Meeting And Annual Banquet-- Prominent Graduates For Speakers

This week the Civil Engineering Society is to run a "double-header" in the way of meetings, having a lecture on Wednesday afternoon by a prominent graduate, followed on Thursday evening by the annual banquet.

The meeting which will be held tomorrow at 4.15 in Room 6 Lowell will comprise a stereopticon lecture by Mr. John H. Gregory 1895, a graduate of Course I. The subject is to be the sewage disposal of the city of Columbus, Ohio. This plant was designed and installed by Mr. Gregory.

Columbus being a city of about 200,000 inhabitants, is the largest city in the United States which has put in a very extensive system of sewage disposal by filtration. For a number of years extensive laboratory experiments were carried on by a large number of engineers upon the sewage of Columbus, and from these it was decided to use septic tank treatment, followed by sprinkling filters and then settling basins, after which the sewage is allowed to run directly into the river. These have been in operation now for over four years, and have given entire satisfaction.

This meeting affords a rare opportunity to hear about this large and important work from a high authority on the subject, this being the lecture that Mr. Gregory will deliver the same evening before the Boston Society of Civil Engineers. Besides this work, Mr. Gregory has been connected with other large and important sewage disposal plants.

Immediately after leaving the Institute he became assistant engineer on the Albany water filtration works, one of the first which were installed in this country. From this he was called to Columbus, where he had charge of the design and construction of both the sewage and water purification plants. At the present time, he is on the Pasajie Valley Commission, which has one of the most difficult problems in sewage disposal to cope with of any in this country.

On Thursday evening, May 5, at 6.30 o'clock the annual banquet of the society is to be held at the American House. A number of interesting speakers have been secured, and a very large number of men have signified their intention of being present.

Mr. Lucius Tuttle, president of the Boston and Maine R. R., is to be one of the speakers. He is a member of the corporation of the Institute, and on the visiting committee of the Civil Engineering department. He has been president of the B. & M. for a great number of years, holding the position of general passenger agent before this appointment.

Mr. James P. Munroe 1882, one of the best known alumni of the Institute, secretary of the corporation, and formerly secretary of the Faculty, will also give a short talk. Mr. Munroe is a very well known man in Boston, and is associated with a large number of public and educational movements, among which may be mentioned the "1915" movement, of which he is now chairman. He is treasurer of a large manufacturing concern, the Munroe Felt and Paper Co.

A third speaker will be Mr. Albert F. Bemis 1893, who has recently been elected president of the Alumni Association. Mr. Bemis has always been very

(Continued on page 3.)

FINAL ELECTIONS TO TECHNIQUE 1912 BOARD

First Meeting To Be Held Friday, And Work To Be Officially Commenced

The Technique Electoral Committee held its final session last Friday making the following elections to the board of Technique 1912: Statisticians, Philip White Dalrymple of West Medford and Kenneth Cartwright of Wakefield; treasurer, Donald Earl Bent of Denver, Col.; assistant business manager, Harold Greenleaf of Savannah, Ill.; history editor, Donald Haff Radford of Oshkosh, Wis. The meeting adjourned with a rousing "M. I. T." for Technique 1912, led by Chairman Eicher.

Dalrymple was the winner of the freshman athletic championships last year and a wearer of the "T" as high jumper on the track team.

Cartwright is a member of the cross country team.

Bent was a Show principal this year, was a member of the class theatre committee, and is captain of Company A of the M. I. T. battalion.

Greenleaf is a member of the class relay and is one of our pole vaulters.

The final enrollment of the Technique 1912 board, as elected by the Electoral Committee, is as follows: Editor-in-chief, Harold Eric Kelbon; business manager, David Fry Benbow; treasurer, Donald Earl Bent; art editor, Gordon Irving Edgerton; athletic editor, Archibald Eicher; societies editor, Frederick Barker; professors editor, Randall Cremer; grind editor, Dwight Mead Wyman; statisticians, Philip White Dalrymple and Kenneth Cartwright; assistant business manager, Harold Greenleaf; and history editor, Donald Haff Radford.

Editor-in-chief Kelbon announces that the first meeting of the board of Technique 1912 will be held this week Friday at 4.15 in the Technique office. Don Stevens, editor-in-chief of Technique 1911 will give some suggestions and advice to the board and work will officially commence at this date. The art work will be assigned and the business department will start their campaign for advertisements.

Paris, May 2.--Two new prizes for the successful accomplishing of future aerial feats were announced at a luncheon given yesterday in honor of Louis Paulhan, the French aeronaut, who won \$50,000 by flying from London to Manchester. The combined value of the two latest rewards is \$50,000. One is for a flight from Paris to London, and the other for an aerial trip in England.

Lima, Peru, May 2.--The Peruvian minister to the Argentine Republic, E. De La Riva Agüero, has resigned that post. His letter of resignation, which has been made public, has caused a great sensation.

He asserts that the direction of foreign affairs in Peru during the last 19 months has been characterized by many mistakes and patriotism obliges him to withdraw from office.

London, May 3.--Commander Robert E. Peary came here today to receive the gold medal from the Royal Geographical Society and to deliver his lecture on his trip to the north pole. He will receive the medal on Wednesday. He expects to be in Europe several weeks and will fill a number of lecture engagements.

The faculty of Michigan has recommended to the trustees that the students on the Daily be given college credit not to exceed eight hours.

FIRST INTERCLASS GAME GOES TO 1913

Better All Round Playing Gives Freshmen Victory-- Score 7--1

The freshmen vanquished the sophomores yesterday in a rather one-sided game, by a score of seven to one. This was the first game of the inter-class series, and from the way the freshmen handled themselves it looks as if they would clinch the championship in the next game. The sophomores made some remarkable errors and batted poorly.

1912's one run came in the fourth inning, when Torrey was hit by a pitched ball, stole second, and came home when Peck let a hot grounder get through him. Crocker led off for the freshmen with a sizzling three bagger and came home on a wild throw to third. Elwell got to first on McGuire's error, took second on Jones' wild throw, and came home on Severance's hit. Severance then stole second and scored when Sampson banged out a hit to centre field, making a total of three runs in the first inning. In the second they secured two more tallies. Hamilton drew a pass and Crocker struck out. Then Elwell knocked the ball away out in centre for a clean home run. In the sixth, with two out, Eastman drew a pass, stole second and took third on a passed ball. Sampson got to first on Reeve's error, and took second when Eastman went to third and then both scored on Thompson's hit.

The freshmen secured a number of hits but they would not have scored so many times if Jones had had the support which he deserved. Hamilton pitched a strong game, holding the sophomores to only one hit, and was given ironclad support by his infield, who had only one error chalked up against them.

The summary:

1913	AB	BI	PO	A	E
Crocker, 2nd	5	2	2	2	0
Elwell, 3d	5	1	2	2	0
Severance, c.	5	1	2	0	0
Eastman, r.	5	0	10	0	1
Sampson, 1st	5	1	10	0	0
Thompson (Murdock), lf.	4	3	1	0	0
Peck (Mackinnon), ss	4	1	0	0	1
Weller, lf.	4	1	0	2	0
Hamilton, p.	4	0	0	4	0
Totals	41	10	27	10	2

1912	AB	BI	PO	A	E
Taylor	4	1	13	2	0
Torrey (Sage)	4	0	6	0	3
Allen	4	0	1	0	0
Jones	4	0	0	2	1
Coulson	2	0	1	0	0
Sloan	3	0	0	0	0
Reeves	3	0	3	1	2
Maguire	3	0	0	2	2
Stone	3	0	1	0	0
Totals	31	1	24	7	8

innings	1	2	3	4	5	6	7	8	9
1913	3	2	0	0	2	0	0	0	7
1912	0	0	0	1	0	0	0	0	1

Runs made by Torrey, Crocker, Elwell (2), Severance, Eastman, Sampson, Hamilton. Three base hits, Crocker. Home runs, Elwell. Stolen bases, Torrey, Crocker, Severance, Eastman, Peck, Weller. First base on balls by Hamilton 1; by Jones 2. Struck out, by Hamilton 9; by Jones 12. Passed balls, Taylor (2). Hit by pitched ball, Torrey, Coulson. Time of game, 2 hours. Umpire, F. Dolke.

STAMP COMPETITION OPEN TO DESIGNERS

All Designs For Red-Cross Stamp Must Be Submitted Before May 15

The Society of the Red Cross announces a design competition for the 1910 Red Cross Christmas Seal. This competition is open to anyone. Following are the rules:

1. Any person may submit not to exceed three designs.
2. The design must be shown in not more than three different colors, preferably two.
3. The design shall contain the words "American Red Cross, 1910; Merry Christmas, Happy New Year," and the Red Cross emblem must show prominently.
4. The "Red Cross Emblem" is a cross composed of five equal squares.
5. The drawing should be about three inches in greatest dimensions and should be colored, as it is intended the seal shall appear when printed. There are no restrictions as to the shape of the design. The seals will be about the size of a postage stamp when printed.
6. Name and address of the artist must be written on the back of the design.
7. The competition will close at noon May 15.
8. The design shall be addressed to Chas. L. Magee, Sec'y American Red Cross, care War Department, Washington, D. C.

There will be three main awards of cash prizes, in order of merit, \$100., \$50., \$25. To the designers of other seals that are accepted, a cash prize of \$10 will be given.

At the University of Pennsylvania the senior class is heavily in debt. Efforts are being made to obtain the class dues, but it is found to be a hopeless task.

Ninety-three men are out for track and there are sixty candidates for the baseball team at the University of Colorado. In each case this is the largest squad in the history of the school.

Efforts are being made at Minnesota to secure an appropriation of \$5,000 to be used in paying the officers and band master of the cadet orchestra.

At a recent meeting of the student body of Stanford a sum of almost \$20,000 was raised for the erection of a club house on the campus.

CALENDAR.

- Tuesday, May 3.
- 1:00 All crew candidates at Union Boat Club.
 - 8:00 E. A. Mead addresses Cosmopolitan Club in club rooms.
 - 6:30 Dinner and annual meeting of New York State Club.
- Wednesday, May 4.
- 1:30 Mass Meeting, in Hall.
 - 3:15 C. E. Society, 6 Lowell.
- Thursday, May 5.
- 6:30 C. E. Society Banquet, American House.
 - 8:00 Chemical Society, 6 Lowell.
- Friday, May 6.
- 3:00 1913 M. A. H. S. Baseball, Tech Field.
- Saturday, May 7.
- 2:00 Tech-Wesleyan Meet, Middletown.
 - 12:00 -1912, Dean Baseball, Meet in Union.
