The announcement made by Mr. Franzi that this would probably be his last year with the Show is in no way intended to mean one. To him more than to any other individual is due the praise for proving Tech Show at its present high standard.

He has for six years given all his strength and energy to the production of the Shows, and it has been his desire to produce each year a better Show than the year before. The reason that Tech Show has been considered the best college show in the country is not so much the races, but that a statement backed up with the track of men well versed in stage theatricals.

The censure in which Mr. Franzi is held by all who have come into intimate contact with him is evidenced by the generous contributions to the handsome prize which was presented to him at the Show dinner. Certainly if Mr. Franzi leaves, he leaves behind a host of friends who will wish him well in any venture he may undertake.
