UNION DINING ROOM
Management Expect to Pay up
Last Year's $500 Deficit in a Short Time

A very remarkable increase in
attendance was evident at the Union
Dining Room last week. Pour hun-
tred and seventy-two were served
at lunch last Friday, this number being
bigger than in any previous year.

The attendance for the whole
week was 1,196, and the average for
the week was 1,128. The highest
figure for any previous week was 1,040.

The reason for the increase in
attendance is not known, but it is
thought that the increased attend-
ance is due to the fact that the
men are more interested in the
work of the University and are
more willing to come to the Union
Dining Room.

The increase in attendance is
also due to the fact that the men
are more interested in the work of
the University and are more willing
to come to the Union Dining Room.
