MASSACHUSETTS INSTITUTE OF TECHNOLOGY

November 7, 1910.

Attention is called to the following rules of the Faculty:

"All marks of D, except in Physical Laboratory work, must be removed not later than the second half of the following March; those incurred in the second term must be removed not later than the end of the following November; except that extension of time may be granted by the Faculty in the case of subjects which from the character of the work can be pursued to better advantage in the term for which the record is given. All deficiencies in Physical Laboratory work must be removed at a date to be determined by the instructor, which date shall not be later than the end of the following November.

In case a mark of D is not removed at the date thus determined, the student shall be required to discontinue any dependent subjects which he is taking, and cannot win a clear record only by repeating the subject in which the D was given."

Petitions for extension of time must be presented before December 1.

A. T. MERRILL,

Secretary of the Faculty.

M. A. H. S. Club holds its first regular meeting of the year in 26 Rogers, November 16th, at 1 P. M. All M. A. H. S. men should come.
