H. S. STORT, Curator.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY.

November 7, 1910.

Attention is called to the following rule of the Faculty:

"All marks of D, except in Physical Laboratory, incurred during the first term must be removed not later than the end of the following March; those incurred in the second term must be removed not later than the end of the following November; except that extension of time may be granted by the Faculty in the case of subjects which from the character of the work can be pursued to better advantage in the term for which the record is given. All deficiencies in Physical Laboratory work must be removed at a date to be determined by the instructor, which date shall not be later than the end of the following November.

In case a mark of D is not removed at the date thus determined, the student will be required to determine any dependent subjects which he is taking, and can obtain a clear record only by repeating the subject in which the D was given.

Pattitions for extension of time must be presented before December 1.

A. L. MERRILL, Secretary of the Faculty.

CANDIDATES FOR GRADUATION.

November 7, 1910.

Notes in regard to states with reference to graduation have been sent to each with Year Class. Any student who has not received a note should consult the Registrar. He will be prepared to receive candidates for graduation in June, 1911.

A. L. MERRILL, Secretary of the Faculty.

ASSISTANT MANAGERS OF TECH SHOW.

Competition for assistants in Tech Show, 1911, has begun. There are three assistants to be chosen, preferably one Sophomore and two Freshmen. Manager's reports will be in the Show Office, Room O, daily, from 1 to 5 o'clock, to meet all candidates.

SECOND YEAR.

November 8, 1910.

All students having deficiencies in Structural and Field Geology (306) are to report to Mr. Allan before November 14th.

WALTER HUMPHREYS, Registrar.

A COLLEGE DANCE will be given November 21, at Templefied, Commonwealth Avenue. For Jewish college students whose homes are not in Boston. Invitations will be sent to all such who will leave their names at the office of the President's Assistant, 10 Rogers, not later than Saturday, November 12.

1914.

The Gymnasium classes in Physical training begin this week, according to the Tabular View. The attendance at the first two classes was poor, and a number of men have one absence against them already. There are only four cuts allowed during the year, and each man must report at his classes in order to obtain a clear record in that subject.

Will the Secretaries of all the organizations kindly hand a full list of their officers to the Societies' Editor? The Tech as an organization is possible.

M A S S A C H U S E T T S I N S T I T U T E OF TECHNOLOGY.

November 15, 1910.

A proof list of the students for the current Catalogue is posted at the entrance of Rogers, Walker, Engineering A, Engineering B, Pierce, Engineering C and the Lowell Buildings.

Corrections should be handed in to the Registrar's office not later than Friday, November 18.

WALTER HUMPHREYS, Registrar.
