CHRISTIAN ASSOCIATION BEGINS ACTIVE WORK

Big Dinner in the Union Next Friday

PROFUSE SPEAKERS SPOKEN

Mr. G. R. Towne of New York Will Speak—Outlines of Plans for This Year's Work Will Be Mentioned.

The Technology Christian Association will begin active work next Friday evening at 6 o'clock in the Union. Mr. Towne will speak about his experiences in student work in New York, where he is to be in intimate contact with thousands of new immigrants every week.

He speaks at a general convocation in Huntington Hall on Friday, the theme of which is "The Church and the Catholic." The Christian Association is very fortunate in having this young and promising man as its leader.

This form of social work service which is carried on by the members of the association is to be found in many other parts of the country. It is an excellent method of making contact with the younger elements of the community and of spreading the gospel through them.

There are several other new features that will be mentioned during the dinner. The speaking will follow the dinner and will be held in the reading room in the Union. This will take the place of the regular Friday evening entertainment. Any men who are interested in being present at the dinner are urged to come in and hear the speaking.

SENIOR DINNER

AT UNION TONIGHT

The Senior Class will hold its annual dinner at the Union tonight at 4:30, and there will be a program of music, speeches, and speeches. The program will be of interest to all who are in the Senior Class and will be attended by a large number of alumni.

The dinner will be held in the Union and will be followed by a program of music and speeches. The program will be of interest to all who are in the Senior Class and will be attended by a large number of alumni.

BASKETBALL SECOND TEAM HAS SCHEDULE

Will Play Several Strong Preparatory School Teams.

The basketball department of the Institute athletic association promises to do a good job this year. In addition to the first team, which is in a strong position, a number of special teams, including the second team, will begin their work.

This will be a Technology dormitory, and the first team is expected to do well. The second team will be composed of the better players from the first team and will be under the direction of Coach L. H. Fox. The second team will begin work on the evening of January 15, and the schedule will be announced later.

MUSICAL CLUBS WORKING HARD

Plans for Annual Concert, December 16, Are Being Prepared.

A Musical Club, Tech's choral club this year, is doing excellent work preparatory to the annual concert on December 16. The club has already been announced, and the tickets are selling fast, about 200 of the 500 tickets being sold already. Purchasers of tickets are requested to note that the prices on the tickets are incorrect, as the concert begins at 8 o'clock sharp.

This is in order that it may be over at 11 o'clock for the benefit of the dance. The dance will be held in the Union Hall on December 16, and those interested may obtain a copy of the program.

The concert will begin at 8 o'clock, and the drawing for the annual concert will be held immediately after. The program will include several songs, and there will be no silent intervals.

The manager, H. K. Franke, is optimistic about the success of the concert, and suggests that those attending to buy tickets come very soon, as he expects to sell them all shortly. He also requests that it be understood that the concert will begin at 8 o'clock, and that it would be best to have everybody on time in order not to mar the music by untimely entrance.

Nautilus Machine as a place of refuge for the upper classes of a year. It contains a number of interesting exhibits, including models of ships and boats, and is well worth a visit.

The Nautilus Machine is open daily from 10 a.m. to 5 p.m. and is located on the campus of the Stevens Institute of Technology. It is a popular destination for students, faculty, and visitors alike.
